

ESTABLISHED 1837.

JACKSONVILLE, CALHOUN COUNTY, ALA., SATURDAY, JULY 6, 1895.

VOLUME 2.

COUNTY NEWS.

From All Over Calhoun

Minor Happenings of the Week

GATHERED BY THE REPUBLICAN'S ABLE CORPS OF CORRESPONDENTS

ALEXANDRIA.

The ministers and deacons meeting at the Baptist church last Friday, Saturday, and Sunday, was a most enjoyable occasion. Among the visiting ministers were Rev. E. T. Smyth and Dr. Clifton, of Anniston, and Rev. B. B. Nungly.

Prof. and Mrs. Dodson and Mrs. Orr, of Oxford, spent a few days last week at their old home near here.

Mrs. W. W. Whitesides, and children, and Mr. and Mrs. Al. Stuckey, of Oxford, are spending the summer here.

A large party of Alexandrians will celebrate the 4th. in Anniston.

Dr. Glover, from near Jacksonville, attended the 5th Sunday meeting at Mt. Zion.

Messrs. C. J. Wood and Thomas Nisbet, of Tredgar, attended the 5th Sunday meeting.

Mr. J. R. Green, of Anniston, spent Sunday with his parents.

Blackberries and cotton blooms are becoming plentiful.

DE ARMANVILLE.

The rains continue and crops are doing well. Most of the farmers are out of the grass, and the early corn has been laid by.

Mr. William Allen and family, of Florida, arrived on a visit to relatives yesterday.

An unoccupied tenant house on Mrs. Lucinda Hudson's place, was maliciously burned a few nights since.

It is feared that oats and wheat will be ruined in the shock if the rains continue.

Messrs. Bell and Hughes, of Choccolocco, have started their threshers.

Every land owner in this section, with but one exception will sign a petition for a stock law.

The barbecue in Anniston on the Fourth will not interfere with the annual singing at Union Grove on that day. It has been the custom to hold this singing for a number of years.

The health of this community is good. It was never better, notwithstanding the superabundance of fruits.

DUKE.

The battle with Gen. Green continues, but the farmers say they are getting out of grass.

Mr. and Mrs. Brock Webster are still visitors here. They say they are much pleased with old Alabama.

Dr. Reagan, of Alexandria, is a visitor here.

W. C. Davitt, of this place, made a flying trip to Georgia Sunday to see his parents.

W. P. Duke visited Schencks Springs Sunday. Says he certainly spent a pleasant day.

Rev. T. K. Trotter, of this place, carried his wife and daughters to spend a day at Schencks Springs Sunday.

Glad to note that William Sampson is on the convalescent list.

W. G. Duke is on the sick list, suffering with rheumatism.

Rev. J. M. Webster and wife are visiting at Bynums this week.

Oliver Usry will move to Duke soon and will sell goods at this place.

Crops are looking fine and are growing almost as fast as the grass.

Miss Nan Tuck, of Talladega, who has been visiting the family of Rev. T. K. Trotter, has returned to her home but I fear from W. Duke that she will come back again soon.

Best wishes for all.

SCHENCKS SPRINGS.

A glorious rain visited the springs and vicinity on last Sunday. It came just when it was needed.

Wheeler Dillard wears a smile a mile long on his face. It is a twelve pound boy this time.

Will Bellinger and C. W. Smith, of Anniston spent Saturday here.

Mr. and Mrs. Helen Hagan, of Oxford visited the springs last Sunday.

Mr. A. Hollingsworth has gone to Florida on a prospecting tour. He is looking for pine timber.

Mr. Geo. McCurry had a horse to die last week.

Mr. Robt. Sampler had a mare and colt killed by lightning last week.

Mr. West Phillips mare had her hind legs broken last week. It would appear that last week was rough on horses.

Cartersville and Cedartown had a picnic here last week. It was a great success. They had good music, and nice dancing, and lots of pretty girls.

Rev. T. K. Trotter and his bright and interesting family came up and spent the day with us last Sunday.

Dr. Ed. Crook and Miss Dora Crook visited the springs last Friday.

Mr. and Mrs. T. M. Roberts, Mrs. Calahan, and Miss Bessie McGinnis were with us last Sunday.

Mr. and Mrs. Willis Dickie and Walter Duke, of Dukes, were with us last Sunday.

The crop outlook is very good at present.

The springs have an organ and guitar, and C. W. Smith occasionally livens up things with his cornet.

MORRISVILLE.

There is some talk of getting up a free silver democratic club in beat 5.

Rev. F. M. Jones preached a very interesting sermon at Cameron Spring academy last Sunday.

The picnic at Cedar Grove last Saturday was a complete success so far as the attendance and good order were concerned.

We are having a great deal of rain, which will cause some farmers to be late in laying by their crops.

E. A. Womack, of South Egypt, is making preparations to build himself a new residence.

R. C. Johnson visited his brother, James Johnston, at Weavers last Sunday.

W. M. Brown, an ex-resident of Morrisville, paid our town a visit Monday. He speaks of moving to Texas next fall.

There is another big booger in Morrisville learning to ride a bicycle, and it seems to make your little booger Cane Creek correspondent very unhappy.

BERA.

Rev. T. J. Wynn has been quite sick with typhoid fever for several weeks, but is improving now.

Rain, grass and fruit are plentiful in our community. The farmers are still engaged with the "General."

Egypt had a picnic on last Saturday with four girls in attendance.

Prof. Stovall resumed work with his school at New Bethel on Monday, after a vacation of four weeks.

We are going to organize a silver club at the school house on Saturday night, 13th inst. We challenge any gold bugs who desire to do so, to come and discuss the subject with us before we organize.

Mr. George Bynums, of Bynums, was a guest of E. J. Haynie on Sunday.

Mr. Dock Nunally, of Middleton, visited J. E. Canada last Sunday.

John Stewart, of Lower Egypt, had a mare killed by lightning last week.

J. B. Barnes, of Bynums, had a severe attack of cholera morbus last week, but is better now.

The Cane Creek correspondent should have reported that snake story according to the finder's description. It was ten inches in diameter and not the size of a hen's egg. Charlie Nunally will have to come again.

GRAYTON.

A very refreshing rain fell on yesterday which was the delight of our farmers.

The corn crop is promising. The cotton crop is small and two weeks late.

There is considerable sickness in the community judging from the frequent visits of the young Dr. Sanders. The doctor has recently located at Onatchie.

Mr. and Mrs. Jno. M. Howard are now happy—a bouncing boy came last Sunday night.

Mrs. Tarvin, of Onatchie, Miss Pearce, of Anniston, and Miss Jones, of Cedartown, visited the family of Mr. E. D. Meharg last week.

Mrs. Marion Smith and Mrs. Will Smith, of Alexandria, were the guests of Mrs. E. D. Meharg last week.

Mr. T. S. Gray and Dr. Sanders continue to visit the girls occasionally.

The farmers are all in favor of good crops, ten cents for cotton, and the free and unlimited coinage of silver at the ratio of 16 to 1, independent of international agreement.

WEAVERS.

The extreme weather still furnishes something about which we can write.

Last Sunday it rained a great deal, so that but little plowing could be done. Monday, Tuesday and Wednesday, it has been raining almost incessantly.

Crops are growing very fast, though not in so good a condition as a year ago.

R. P. Weaver has four and one half acres of the finest oats we have ever seen.

Miss Maggie Weaver left Monday to visit her brother in West Virginia.

Miss Winnie Marston has returned home after a pleasant visit to Birmingham.

There are several cases of sickness about here.

Tom Leabetter, for two weeks, has been quite sick with typhoid fever. Dr. Walker who is treating him, thinks him doing reasonably well.

Prof. Alexander is unwell.

Dr. Isom has been confined to his bed for ten days with fever, though better today.

We have to get medical aid from Jacksonville and Anniston. Dr. Arbery is treating Dr. Isom.

J. W. Adair is right sick with flux.

The Sunday School picnic announced for July 6th, at the Caves, has been indefinitely postponed.

MINK.

The health of our community is good.

There was an all-day staging at Grange Hall last Sunday. It was attended by a large crowd. Dr. W. A. Skelton of your town was on hand.

Elder F. M. Dozier, of Etowah, preached a good sermon at Williams school house last Sunday.

Mrs. J. M. Patterson and daughter, Miss Ella, were the guests of Mrs. C. A. J. Hollingsworth on last Monday.

Elder G. S. Beezer and J. R. Atkins attended the Masonic lodge at Jacksonville last Monday evening, to see Elder Thomas Nisbet take his first degree in Masonry.

Mr. H. W. Stovall is up with us, looking after a school at Williams school house.

The farmers are still very busy in their crops, but will soon be where they can have a little rest. We have been so pushed with our work that we have not had a single Saturday evening to rest this year.

Our harvest is about over. Wheat was a poor crop with us this year. Oats did fairly well, but not as good as we expected some weeks ago.

We were in Jacksonville Monday and found the court house still there. We are having a little rest in political matters now, and it is to be earnestly hoped that we will not be disturbed for a season.

Mess. Editors, the fruit and chicken crop is now ripe. Come to see us.

OXFORD DREAMER.

A gold standard man in Oxford had a dream the other night when every thing was still, but it wasn't that he saw Susanna come running down the hill. He dreamed that John Sherman came to this place of business. He knew him by his picture and called him colonel. Whereupon he was requested to call him colonel, but to address him as Mr. Sherman, giving as a reason that anybody might be called colonel. There was a friend with Mr. Sherman, but our gold standard man was so much taken up with Mr. Sherman that he did not particularly notice the friend, or inquire after his name. He invited them both around to supper and accompanied them to Birmingham, giving as a reason that he wanted to learn all he could from Mr. Sherman.

That's the dream and here is the interpretation thereof.

Mr. Sherman is a goldbug republican, and Mr. Cleveland is his friend. Mr. Cleveland has adopted the republican policy as to finance. In other words, he has followed Mr. Sherman, and was with him as follower and friend in the gold standard man's dream. But being the lesser light, the gold standard man was drawn to Mr. Sherman and gave Mr. Cleveland little consideration.

And the further interpretation is, as the gold standard man of Oxford followed Mr. Sherman in his dream, so the gold standard democrats throughout the broad domain of these vast United States are tracking along after the republican party ready to join them any and every where when occasion requires, as Henry Watterson said 40,000 Kentucky democrats would if the Kentucky convention adopted a silver platform.

Well, the Kentucky convention adopted a straddle to keep Watterson and his 39,999 other gold bug democrats from going over to the republicans body and bones. Sensible that was! This silver business is not statesman, and these Kentucky silver democrats, of whom there was a big majority, who knew they could make any kind of a platform they wanted and they knew that the national convention would take care of that silver plank, hence for harmony and peace in the party and to better enable them to elect their state officers, they just shoved out a little taffy to their gold bug friends in the shape of a platform, recapitulating the national platform of 1892, which Mr. Cleveland found no difficulty in straddling one way, well knowing that Mr. Hardin could as easily straddle it the other way.

The gold standard folks, John Sherman and his so-called democratic following, are welcome to every bit of consolation they can get out of that platform.

BOOZER.

We have had nice rains for the past week.

Corn and cotton both promising.

I was in Jacksonville recently and found the court house at the same old place, where she will remain.

The Hot Blast will not find any gold bugs in this part of the county.

We have already had enough of the single gold standard, and are for free silver, ten cent cotton, \$1.50 wheat, and other farm products in proportion.

We have a fine Sunday school here, and a well attended prayer meeting every Saturday night and Sunday evening.

Rev. J. A. Harder preaches the first Sunday and Saturday before at the Methodist church, and Rev. W. D. Vison at the Baptist church on the third Sunday.

Cherokee's Court House Burned. Special from Gadsden says:

For the second time in thirteen years the court house at Centre, Cherokee county, has been destroyed by an incendiary fire. About 1 o'clock this morning the court house was discovered in full blaze. The town was aroused, but being without fire protection the handsome building was totally destroyed. The fire was the work of an incendiary, evidently some one against whom there were indictments, as the hottest part of the fire was in the clerk's office. The doors of the clerk's vault were open and all the books and records were totally destroyed. The judge of probate, rayl was injured and his books papers, etc., are safe. All the other officers lost everything.

EGYPT.

Egypt is all right. Plenty of rain and grass but good health and peace on all sides. Some are not satisfied with all these good things, but then some would grumble in heaven, if they should chance to get there.

Mrs. Haynie and two of her daughters, spent the day with her son-in-law, R. F. Wilson, last Monday.

Homor Read spent last Saturday night with the King of Egypt.

We have opened a Sunday school at Cedar Grove. About one dozen were out last Sunday. Most of their children. Our people will all talk of the advantages to be derived from a good Sunday school, but few of them will come or send their children.

We hope that all will turn out, so that we will not be drowned in Egyptian ignorance.

FOUR MILE.

Mr. H. J. Tomlin and his charming sister, of Iron City, are visiting friends and relatives at this place.

Mrs. Sallie Prunett has been quite sick for some time but is better now. She is an estimable christian woman, and one of the oldest settlers of our country.

Crops are very good with us. Corn is especially fine. Our cotton however is small.

We are all for the free and unlimited coinage of silver and gold at the ratio of 16 to 1 in these parts. We hope good men will be elected next time and the people will get together and elect them.

On the second Saturday in July there will be a picnic at Francis mills two miles west of Jacksonville. Every body is invited to be present. We will have a string band and the usual lemonade vender will be on hand.

CHOCOLOCCO.

Since my last letter we have had fine seasons. Choccolocco Valley has a promising crop outlook.

Most of our people observed the "fourth." Some celebrated in one way and some in another.

The meeting house of the colored sect, calling themselves "The Sanctified," was burned down a few days ago. We have some good colored people as you will find in the state and some as sorry.

All the good colored people tell me that they very much regret the disturbances that have occurred at this place.

Dr. R. L. Hughes was called to see a patient living several miles below Oxford this week.

Col. Fred Blackburn delivered a Fourth of July oration in Cleburne on Thursday.

Miss Mattie Whorton has returned from Anniston, where she has been visiting friends.

Miss Callie Milligan gave a party on the 4th, complimentary to Miss Nannie Whitesides, of White Plains, who is visiting her.

Ask a certain young man to please lower the window if you want to see him blush.

Miss Downing of Anniston, who has been visiting in this community, has returned to her home.

Georgia Drinking Sulphur Water. The picnic of the Georgia folks at Schencks Springs Friday of last week was a great one. The train that brought them consisted of six passenger coaches, and all were filled with people from Cartersville, Rockmart and Cedartown. By the time it reached the springs, the additions from Jacksonville and Tiedmont had filled every available space, and the cars were crowded. There must have been five hundred people aboard.

A string band was brought along and the day was delightfully spent in rambling through the woods, dancing, and drinking sulphur water, that delicious distillation of Nature, the fumes of which are so tempting to the olfactory.

The attractions of Schencks Springs are each year becoming more widely known.

The Tredgar National Bank declared its usual semi-annual dividend of 3 per cent. on July 3rd. Since the close of the first six months business this dividend has been regularly paid. It is one of the most solvent banking institutions in Alabama.

The Fourth

As Celebrated in Anniston.

BIG BARBECUE, BIG CROWD AND A GLORIOUS TIME.

Free Silver Speeches by Hon. Jos. Hodgson and W. H. Denson.

The editors of the Republican went down and celebrated the Glorious Fourth with the good people of Anniston.

We found there a big crowd, a big barbecue, a big amount of American patriotism, and a big majority of the crowd to be for the free and unlimited coinage of both gold and silver.

With such a crowd as this, no man could fail to rejoice that he was an American citizen, and we were not surprised to see every Annistonian rejoice that he lived in a city which had the pluck and liberality to furnish the people of Calhoun county such an occasion.

We cannot refrain from saying great is Anniston and great is her people.

The barbecue, which was provided by Anniston money, was a success in all its details. Ample preparation was made to feed a large crowd, and the crowd was present and answered to roll call.

No disappointment was experienced any where, except that Hon. W. J. Bryan, the eagle orator of the West, failed to reach Anniston to speak in the interest of the free and unlimited coinage of silver. He fully expected to have been present, but missed his train in Atlanta.

Hon. Joseph Hodgson, of Mobile, who was announced to speak with Mr. Bryan, was present, and delivered to a very large crowd, one of the most chaste, dispassionate, conservative, yet convincing, free silver speeches which has yet been delivered in Alabama. He reviewed the history of this government, and showed clearly that it had ever been to the interest of this country to have the free and unlimited coinage of both gold and silver.

The applause which Col. Hodgson received, demonstrated that the opera house was filled almost entirely with free silver men. In fact, with the exception of a few men around the towers, the voting population of Calhoun is made up almost entirely of men who believe in the free and unlimited coinage of both gold and silver.

After the speech of Col. Hodgson, Hon. W. H. Denson, of Gadsden, was introduced, and at once commenced to rip the gold bugs up and down the back promiscuously. His speech was just such an one as Billy-in-the-Low-Ground alone can make. He always catches his audience, and he soon had the crowd in an uproar of laughter and applause. In politics, he is a veritable free lance. He stated that he was not there to speak for the free silver democrats, but was there to give expression to his own views. He urged that democrats, republicans and populists should surrender party fealty for the time being and vote for home and country by voting only for free silver men who were nominated on free silver platforms. It was clearly shown that this advice did not meet with the approval of the free silver democrats, as it received no applause whatever from them.

The free silver democrats in Calhoun will make their financial fight inside the party lines, and have no idea of going as far as Mr. Denson says he expects to go.

But one thing is certain: the Democracy of Calhoun can be counted on, next year, to roll up a big majority in favor of the free and unlimited coinage of both silver and gold at the ratio of 16 to 1.

Notes.

Anniston probably has more intelligent, enterprising young business men than any other city in Alabama.

other towns in Alabama, and they well know how to entertain any one who comes within the gates of their city.

The outlook for Anniston is brighter now than it has been in two years, and we are glad to note that all the people down there are more hopeful.

Jim Nunberry should have been on hand Thursday to have seen Os Henderson punch Postmaster Smith in the short ribs when Denson was firing hot shot into the postmaster's gutters and entrails.

The Anniston firemen were too hospitable to defeat their visitors in the contest for the silver horn which had no doubt, according to the Romans carrying off the prize.

The girls all say that Archibald Henderson certainly looks very handsome on horseback.

The business men of Anniston appreciate a good thing when they see it. They know that to reach the people of Calhoun county they must speak to them through the REPUBLICAN. Hence they are our most liberal advertisers.

The Hot Blast took holiday Thursday to allow its force to celebrate the Glorious Fourth. With the Hot Blast and post office brother Swift has his hands full.

Henry Robinson, Anniston's popular jeweler, placed in the writer's hands Thursday a thirty pound jewel for which he would not take thirty thousand dollars. It is only six months old and has already learned to say papa.

One who attended a few nights since a musical soiree at their elegant home, said to the writer that no family in Alabama entertains more beautifully than Mr. and Mrs. John B. Knox.

It is hoped by all Annistonians that the selection of Mr. J. M. Maris as general manager of the United States Car Company means something good for Anniston.

The cause of the free and unlimited coinage of silver has no more earnest champion in Alabama than Jos. J. Wilgitt, Esq.

The exercises at the opera house in the morning are said to have been beautiful and appropriate, and we regret that we did not arrive in time to witness them.

In Mayor Flight, Anniston has a man who is always ready to give his time and talent in any effort that will promote her interest.

Anniston has none among her young business men who is more outgoing or has more business pluck and energy than L. E. Elam.

Anniston certainly did herself credit Thursday, and we have all learned that when she makes an effort to bring a big crowd from the country she never fails.

Among the prominent free silver men in Anniston are the following: Messrs. Thayer, Wilgitt, Polk, Goodwin, Kelly, McElree, Caldwell, Johnston, Ackerly, Hight, Moore, Langley, Garrett, Huger, and a host of others who are just as earnest and enthusiastic as those mentioned.

Less than a week Crawford brought his twelve month old child, suffering from infantile diarrhea, to me. It had been weaned at four months and was doing everything but crawling in the water through a sieve. I gave it the most treatment in such cases but without benefit. The child was growing thinner and thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the mother on giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used, a marked improvement was shown and its continuing use cured the child. Its weight and baby constitution disappeared and the father and myself believed the child's life was saved by this remedy. J. T. Marlow, M. D., Cartersville, Ga.

Does Your Husband or Son Drink?

If your Husband or Son is addicted to the use of Liquor, Morphine or Tobacco, purchase of your druggist a bottle of Hill's Chloride of Gold Tablets. They are guaranteed to cure or money will be refunded. Tablets may be given secretly in tea or coffee and the free use of stimulants allowed until voluntarily given up. Price \$1.00 per package. If your druggist does not keep them, send direct to The Ohio Chemical Works, Lima, Ohio. Box of particulars and testimonials free.

Miss Lydia Borden passed through Jacksonville on Thursday on her way to New Port, Rhode Island, where she goes to spend the remainder of the summer. She has spent the last five summers at that delightful resort. She will be back in time to begin her work as training teacher in the normal school.

C. D. Martin has been on a business trip to Birmingham and Montgomery this week.

Turner or This. Hood's Sarsaparilla is the only true blood purifier prominently in the public eye today. It cures diseases when all others fail, because it makes pure blood.

John's Friends and Acquaintances, who have been kind enough to contribute to the building of the new school, will please send their contributions to the building committee, care of the school, care of the school, care of the school.

THE REPUBLICAN
Established in 1897, is the
OFFICIAL JOURNAL of Cal-
houn, one of the largest and
wealthiest counties in Ala-
bama, and in which are lo-
cated the towns of Jacksonville,
Anniston, Oxford, Osanna
and Piedmont.

CIRCULATION
It has a larger guaranteed
county circulation in Cal-
houn than any other paper.

TO ADVERTISERS
The subscribers of the RE-
PUBLICAN are the best peo-
ple in the county, a class of
people with whom it pays to
advertise. Than it there is
no better advertising medium
in this section of Ala-
bama.

Our Position.
The Jacksonville Republican is
getting as wild on the silver ques-
tion as the New Alliance Herald.
The Republican says:
"If the next Governor of Alabama
be a Democrat, he will be a silver
man. If he be a Republican, he will
be a gold man. That is the only
choice that is open to the people."
That warrants the inference that
our contemporary will support no
other. Is that its position?—Mont-
gomery Advertiser.

While we believe that a majority
of the Democrats of Alabama favor
the free and unlimited coinage of
silver, and prefer to see a man
elected Governor who is in accord
with them on the silver question,
yet if the next Democratic state con-
vention demonstrates that we are
mistaken in this belief, and nomi-
nates a man for Governor who
does not agree with us on the sil-
ver question, the Advertiser cannot
give him a more earnest support
than will the REPUBLICAN.

While we believe that the prop-
er solution of the problem of fi-
nance is of great importance to the
prosperity of this country, yet
there are other issues of vital im-
portance to our civilization for the
safe management of which we can
look only to the Democratic party.

Since the dark days of recon-
struction, the people of the South
have been able to find no other har-
bor of safety than that furnished by
this party. It is the party which
redeemed the Southern states from
carpet-bagism and negro suprem-
acy. It was the party of our fa-
thers. When the calumniators of
the north have poured out their
wrath and abuse in the national
congress against the southern peo-
ple, no other party ever uttered a
word of defense in our interest, and
the time has not yet come when the
white men of the south can afford
to abandon it.

While we will continue to fight
for the free and unlimited coinage
of silver, no matter what may be the
financial plank in the national or
state platform next year, the RE-
PUBLICAN will be found in the
thickest of the battle fighting for
the success of the Democratic nomi-
nees all the way down from pres-
ident to county officials.

For the benefit of those who cry
out against those who ad-
vocate the free and unlimited coin-
age of silver, we want to say that
the REPUBLICAN's loyalty to the
Democratic party will lead it to
support all Democratic nominees,
where fairly and regularly nomi-
nated, irrespective of the silver ques-
tion, or of local or sectional inter-
ests.

The editors of the REPUBLICAN
as individuals have never failed to
respond to the call of the Demo-
cratic party and to give it the very
best efforts within their power, and
when the bugle call of democracy
is sounded next year, they will not
be found lagging.

In the coming Kentucky cam-
paign, the Democratic nominees
will advocate the free and unlimited
coinage of silver, and the Republi-
can nominees will advocate what
Mr. John Sherman calls "sound
money." How many Alabama
newspapers, beside the Alabama
Republican, will side with the Republi-
cans? We shall see.

At the educational institution
of the Springs, just west of Mont-
gomery, one of the teachers, address-
ing a group of students, said: "I
want you to see the way in which
a normal school would be con-
ducted in every county in Alabama."
This remark was prompted by his
observation of the good work that
had been done by the normal col-
lege at Jacksonville. Mr. Robinson
is not a graduate of our school but
he has met our teachers, and a
number of graduates. From them
he has become acquainted with the
methods pursued, and he has
learned of the success of the gradu-
ates of this school in Alabama and
in other southern states.

It is very pleasant for us to hear
such expressions of good will from
the teachers of the state, and es-
pecially so when we know that the
compliment paid is a deserved one.
There is not a normal institution
in Alabama that is doing as good
work as the one in Jacksonville.
Our appropriation is not half as
large as some of the other schools
receive and yet there are none of
them that can point to an abler lot
of teacher graduates. The young
men and women who have gone out
from here have taken prominent
stands in the educational corps of
Alabama.

It is safe to say with the expe-
rience of the past, the school will
do such good work during the next
year as to entitle it to a greatly in-
creased appropriation at the hands
of the next legislature.

Let every citizen of our town
lend assistance towards making the
school such a complete success, as
will enable us to ask and receive
this appropriation.

THE Bimetallist's March
The bimetallist's march to Mem-
phis was the movement of a mighty
host whose every footstep jarred
the tottering image of gold which
England has erected in America.
A little longer and it will reel
and stagger and fall. Let those who
worship at its base beware.—Jack-
sonville Republican.

Yes, it reeled and staggered and
fell at Louisville Thursday, but it
did not hurt those who worship at
its base. Somehow or other it hap-
pened to fall on the mighty host
whose every footstep jarred the tot-
tering image, and crushed them.
Not to death, The Advertiser hopes,
but into a loyal submission to the
great Democratic Party whose
rightful representative now occu-
pies the Presidential chair. The
same result will be reached next
year when the Democracy of Ala-
bama speaks through its duly cho-
sen representatives.—Montgomery
Advertiser.

If Clay, the administration can-
didate for Governor who had been
devotedly worshipping at the base
of the gold image, was not crushed
to death by the fall, then all ac-
counts from the convention are true.

Watt Hardin, the gentleman
nominated for Governor, is as
prominent a silver man as is Capt.
Johnston of Alabama.

Yes, so far as the nomination of
a Governor is concerned, "the
same result will be reached next
year when the democracy of Ala-
bama speak through its duly cho-
sen representatives." Joe Johnston will
be nominated for Governor, and the
image will reel, stagger, and fall
and crush the Advertiser's candi-
date who will be worshipping at its
base.

The Postmaster Editors.
The postmaster editor of the Hot
Blast, in imitation of his big bud
down at Montgomery, copies from
the Advertiser what it says is the
answer of the REPUBLICAN to Car-
lisle, which article surpasses any
thing in the way of garbling that
we have seen recently.

But the intolerance of these gold
standard fellows, who are blindly
following their boss will not per-
mit them to be other than unfair.

The garbled article in the Hot
Blast does not give in full a single
paragraph which the REPUBLICAN
contained. We have not space to
take them all up, and as the first
paragraph is a fair sample, we take
it to show the "deftness" of these
fellows in garbling.

In explaining that all the free
coinage countries have a bimetallic
basis, the article in the REPUBLICAN
which seems to the Advertiser
and Hot Blast to be such a wonder-
ful production, said:
"On the contrary no country is
on a 'silver basis' because gold is
nowhere demonetized. All the
'free coinage' countries have a bi-
metallic basis and a bimetallic
range of prices just as they had in
1873. You yourself prove this
when you say our so-called silver
is worth twice theirs. This shows
they are on a two metal base. Sil-
ver may predominate in their cur-
rency, in fact may completely pre-
vail, yet they remain on the two

metals basis. Gold and silver
are both used as money, and their
values are about equal."

On the contrary no country is
on the silver basis because gold is
nowhere demonetized.

As this proposition is so very
amusing to the editors of the Ad-
vertiser and the Hot Blast, will
they please come down off their
postoffice stools long enough to
mention a single country where
gold has been demonetized? Give
the name of a single free coinage
country that has not a bimetallic
basis?

Gold is not demonetized in Mex-
ico, Japan, or China. While in
these countries silver is the unit
of value, yet they are on a bime-
tallic basis.

Alliance Meeting.
We notice from the Peoples
Journal that the Calhoun County
Farmers Alliance will meet in Jack-
sonville on the 19 and 20th of July.

We are glad that this meeting
is to be held in Jacksonville, and
on the part of the citizens, we as-
sure the delegates who are to at-
tend, that they will be cordially
welcomed, and that it will afford
our people pleasure to entertain
them.

There can be no genuine prosper-
ity in this country until the agri-
cultural classes become prosper-
ous, and there is every reason why
an organization of farmers should
exist in every county. By coming
together and discussing the im-
proved plans of farming, improved
farm implements, plans of saving
and improving lands, raising and
caring for live stock, and other
questions of interest, they can ac-
complish great good, and elevate
and dignify their calling.

We cannot deny the fact that we
have failed to make the advance-
ment in the improved methods of
agriculture in this section that has
been made in other sections and
other states. Here, but little land
has been tilled, while in some
sections of Georgia and South Car-
olina nearly all the farms have been
tilled, and instead of wearing
out the lands they are being
brought up to a higher state of cul-
tivation every year. Here, but
few of the labor saving and im-
proved implements are in use, while
in other sections they are to be seen
on nearly all the farms.

These are questions which can be
considered with profit by the Alli-
ance. The lands of Calhoun, if
properly cared for, can be made
the equal of any in the south, and
there is no reason why we should
not raise as much corn and cotton
to the acre as does any other sec-
tion.

Clover and the different grasses
grow almost as well here as they
do in the most favored sections of
Tennessee and Kentucky, and there
is no reason why stock should not
be raised here profitably, and we
are glad to see that more interest
is being taken in raising good stock
here than probably has ever been
done before.

The Alliance has in this county
a field for the accomplishment of
great good, and we hope to see it
make the best of it.

That Kentucky "Spanking."
It seems that Kentucky had a
few of those weak-kneed democ-
rats, such as those Alabama democ-
rats of Gov. Wm. C. Oates, who
would, according to the governor's
statement, vote the republican
ticket rather than vote a democratic
ticket endorsing the free and un-
limited coinage of silver at 16 to 1.
The convention in order to pacify
them complimented Mr. Cleveland,
and from principles of state pride,
included Mr. Carlisle. The con-
vention then proceeded to business
and overwhelmingly smashed little Mr.
Clay and his associates, who were
known as administration candi-
dates, and in whose interests the
Kentucky employees at Washington
had massed at Louisville.

This was indeed the very irony
of political fate. How it does re-
call the day when the kind mother
takes the little one by the ear and
says: "Mother's good sweet little
boy! Come here. Mother loves
her dear little boy but,"—and lay-
ing him face down upon her lap,
she draws from the voluminous
folds of her skirt a peach tree sprout,
and,—"need we tell the rest? And
did not Kentucky democracy do
Mr. Cleveland and Mr. Carlisle that
way?"

But poor Mr. Clay, who in this
little tragedy, occupies the position,
and performs the same function as
the seat of the little fellows, pants
occupied in the other, poor Mr.
Clay! The papers say he is mad.
There being no evidence to the con-
trary we are inclined to believe the
papers are telling the truth.

Children Cry for Fitcher's Castoria.

Democracy is a disease, and
it is a disease that is spreading
over the face of the earth. It is a
disease that is spreading over the
face of the earth. It is a disease
that is spreading over the face of
the earth. It is a disease that is
spreading over the face of the earth.
It is a disease that is spreading
over the face of the earth. It is a
disease that is spreading over the
face of the earth. It is a disease
that is spreading over the face of
the earth. It is a disease that is
spreading over the face of the earth.
It is a disease that is spreading
over the face of the earth. It is a
disease that is spreading over the
face of the earth. It is a disease
that is spreading over the face of
the earth. It is a disease that is
spreading over the face of the earth.
It is a disease that is spreading
over the face of the earth. It is a
disease that is spreading over the
face of the earth. It is a disease
that is spreading over the face of
the earth. It is a disease that is
spreading over the face of the earth.
It is a disease that is spreading
over the face of the earth. It is a
disease that is spreading over the
face of the earth. It is a disease
that is spreading over the face of
the earth. It is a disease that is
spreading over the face of the earth.
It is a disease that is spreading
over the face of the earth. It is a
disease that is spreading over the
face of the earth. It is a disease
that is spreading over the face of
the earth. It is a disease that is
spreading over the face of the earth.
It is a disease that is spreading
over the face of the earth. It is a
disease that is spreading over the
face of the earth. It is a disease
that is spreading over the face of
the earth. It is a disease that is
spreading over the face of the earth.

Minor Happenings of Special Interest to Home People.

Justice Arnold held court on Monday.

Uncle Ab. Littlejohn was in town Monday.

Mr. A. J. Cross, of Tampa, was in the city Monday.

The soldiers came back from Mobile on Sunday.

R. H. Cobb, of Anniston, was on our streets Tuesday.

Gen. J. W. Burke spent several days in Jacksonville this week.

Miss Gertrude Arbery is visiting friends in Chattanooga.

Several hogs have died around Jacksonville recently with cholera.

G. G. Frank was in town Monday and Tuesday.

Jno. Pelham, Esq., of Anniston was in town Tuesday.

Mr. Walter Hoke, of Atlanta, is visiting relatives in Jacksonville.

Mrs. B. H. Denman is visiting her parents in Columbus, Miss.

Mrs. J. W. Pearce, of Tampa, spent a few hours in town on Monday.

We learn that Mrs. Alexander has rented the house recently vacated by Dr. Lane.

Chancellor Mesperden spent last Saturday and Sunday in Jacksonville.

The Calhoun County Medical Society met in Anniston last Tuesday.

The Calhoun County Farmers Alliance will meet in Jacksonville on the 10th and 20th of July.

Mr. James Hames who has been sick at his father's home for two weeks is still quite ill.

Mr. Jas. Martin, a prominent attorney of Gadsden was in town Tuesday.

Col. F. J. Burke, of the Chattanooga Southern, spent Sunday with the home folks.

Mr. William Adams who has been ill at his home for two weeks is able to be on the streets again.

Quite a number of our citizens went down to Anniston on the fourth.

Clifford Adams, who is located at Steel's Store in southern Texas, is visiting his mother in Jacksonville.

Mr. J. D. Wright and family went down to their old home at Silver Run, Talladega county, on last Tuesday.

From the reports that come from away in Choctawhatchee valley the corn crop gives promise of being the largest raised in twenty years.

Misses Lattie and Julia Weems have been on a visit to their sister Mrs. Cason, in Anniston, for the past two weeks.

J. A. Gaboury has been east for the past week in the interest of his railroad to be built at the Atlanta exposition.

Geo. P. Ide, after a month's visit to his former home in Vermont, returned to Jacksonville last Monday.

The Bachelor Girls had a very pleasant meeting last Monday afternoon at the residence of Mr. F. A. Weems.

It is said that one of Jacksonville's most popular young ladies is to be married in less than two weeks.

D. G. Hall, of Anniston, was a visitor here last Saturday. He is very much in love with Jacksonville.

Mr. John Treadway left Jacksonville for Eufaula, on Saturday. He goes to take the school at that place.

Judge Green, of Ashville, Ala., with his two little daughters, was in Jacksonville last Friday and Saturday.

Richard Love brought to this office last Tuesday the first cotton blossom of the season. It opened on Saturday of last week.

Mrs. Buena Vansandt, after an extended visit to relatives and friends in Texas, has returned to her home in Jacksonville.

When it comes to gathering the local news of its county, the Republican has no equal in Alabama.

He is one among a number of the graduates of the Jacksonville Normal School who are succeeding admirably as teachers.

Dr. Morris, who attended the convention of the Epworth League at Chattanooga, returned to his home on Tuesday.

Conrad Studer, after a long illness of two or three years is able to be out again. He has been using the electropoise.

Jailor Clark grows more popular as the days go by. Five new boarders are with him this week—only one "colored person" in the lot.

There will be a picnic at Francis' mills in the lower part of the county on the second Saturday in July. Several Jacksonville people will attend.

Prof. Wright came back from Clayton on Monday. He is here to devote the greater part of the summer to the interest of the Normal school.

An interesting game of baseball was played between two rival baseball teams on Saturday last. The team boys defeated the depot boys on a score of 25 to 15.

The catalogues of the Jacksonville State Normal School are now being printed at the Republican job office, and will soon be ready for distribution.

J. A. Gaboury has contract to build electric car line in Bowling Green, Kentucky, and Gordon G. Frank left last Tuesday to aid him in the construction of the line.

Mr. Ed. Rowan was elected to the office of City Clerk at the Council meeting on Monday afternoon. He takes the place of Mr. E. M. Lane.

Mr. Rowan is a most excellent young man, and his election gives general satisfaction.

Prof. George McGilvray is here on a visit this week. He has been elected president of the school at Alexander City for next session, and is now having his catalogue printed in the REPUBLICAN job office.

Rev. Mr. Liston, of Oxford, filled the pulpit at the Presbyterian church here last Sunday. Mr. Liston is loved by the people here, and his visits always bring with them much sunshine.

Mrs. Atkins has gone on a visit to friends at Sand Mountain. While she is away, C. T. Porter will move his family out and spend a month at her country home.

This is Mrs. Porter's old home, and no doubt her month's stay out there will be a very pleasant one.

W. H. Nelson, who is in the drug business at Kingville, Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the remedy is a certain cure for the diseases for which it is intended and he knows it.

Prof. Dangelette, who has been spending two or three weeks at his home in Elmore county, came back to Jacksonville on Friday of last week. He has been attending the teachers institutes in that county, and did some good work for the Normal school.

Ladies, don't fail to come to Anniston on the 4th of July. You will have a nice time, you will also save money by buying woolen dress goods, 25 cents off on each dollar, and 12 1/2 cents off on all cotton dress goods, corsets, &c. Special reductions on that day only at ULLMAN BROS.

Mr. E. M. Lane, who has for several years been one of the most prominent young men of our town, left for Chattanooga on Sunday, where he takes a position with the Chattanooga Southern Railroad. In leaving Jacksonville, Mr. Lane carries with him the good will and best wishes of its entire citizenship. There are no worthier young men than Mr. Lane, and we take pleasure in commending him to the people among whom he has made his home.

A horse kicked H. S. Shafter, of the Freeman House, Middleburg, N. Y., on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pain Balm, which he did, and in two days was able to be around. Mr. Shafter has recommended it to many others and says it is excellent for any kind of a bruise or sprain. This same remedy is also famous for its cures of rheumatism.

Prof. Forney went down to Talladega on Tuesday night, and Prof. Wright and Dangelette left for the same place on Wednesday. They go to attend the meeting of the Alabama State Teachers' Association.

Mr. Whiteaway they expect to do much good for the Jacksonville Normal school, it is safe to say these gentlemen will make many friends among the members of this association and the visitors thereto, and their visit will doubtless result in bringing a number of new pupils here next year.

Old People.

Old people who require medicine to regulate the bowels and kidneys, will find the true remedy in Electric Bitters. This medicine does not stimulate and excite, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and vigor to the organs, thereby aiding the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at W. B. Abney's.

Purchased.

I have bought the entire stock of S. E. Hirscher of Montgomery, and it must be sold regardless of cost.

Ransom's Liver Pill removes the bile. The Tonic Pellet cures the system. Combined form a Perfect Treatment. 25c.

Jacksonville's Ninety.

Jacksonville deserves to be famous, and she shall be. A meeting of the Bachelor Girls Club last Monday afternoon it pleased the fancy of those present to count the number of ladies in the city who had reached the age—an age which is never passed—when they might with propriety consider a proposition to become some fellows wife. After a thorough canvass, it was found that Jacksonville was the proud and happy possessor of just ninety of these bewitching creatures.

What more do we need? Let us publish a prospectus of our city, giving in detail its wondrous advantages. Let us tell of the agricultural country around us, of our climate, our pure water, our beautiful scenery and our great mineral wealth. Let us grow climatical and tell of these ninety fascinating girls a suitable name by which to call them—and end with the appeal: Come Sooth, young men come South!

The Monroe Hester, published at Forsyth, Ga., has the following to say of the connection of Dr. and Mrs. Lane with the Monroe Female College:

"This evening Dr. M. H. Lane, who was recently elected to the presidency of Monroe Female College, will arrive in the city accompanied by his family, who will occupy the residence formerly occupied by Prof. J. E. Powell in the college campus. Dr. and Mrs. Lane will assume the management of the college at the opening of the fall term. The trustees are being congratulated on all sides in the happy selection they have made, and the second oldest college in the world, and one that formerly had a reputation second to none, will soon regain the popularity and success that it knew in the years gone by. Dr. and Mrs. Lane are eminent teachers, and with the cooperation of the citizens of this city their efforts in behalf of the college will be crowned with success. Already a new era of prosperity is dawning over the historic institution which is visible to every body, and every one is happy over the brilliant future that awaits the college under its new regime."

Miss Georgia Hoke is at home on a visit. As head nurse in the sanitarium of Davis & Davis in Birmingham, she has made a reputation as an efficient nurse which is equalled by no professional nurse in Alabama. Miss Georgia is very popular in Jacksonville, and her friends are always delighted to see her home on her summer vacation.

ESTABLISHED 1837.

JACKSONVILLE, CALHOUN COUNTY, ALA., SATURDAY, JULY 13, 1895.

VOLUME 59.

COUNTY NEWS

From All Over Calhoun

Minor Happenings of the Week

GATHERED BY THE REPUBLICAN'S ABLE CORPS OF CORRESPONDENTS.

ANNISTON.

The indications are that with the beginning of the next year Anniston will be in a better fix than for several years. If all signs don't fail, every industry we have will be running by that date. The gold standard advocates, "the idle holders of idle capital," are doing all in their power to force temporary good times, for the purpose of arresting the rapidly growing sentiment favoring the free and unlimited and independent coinage of silver and gold at a ratio of 16 to 1. But it matters not how good times may grow apparently, the fact remains plain to all who will investigate, that if we could have both gold and silver as the redemption money of the country, times would be better. Indeed, we can have no real substantial, beneficial progress till the bimetalism of the constitution is restored to a suffering people.

The 4th was gloriously celebrated by our people and the visitors who honored us with their presence on that day. Thousands of people were here, and all seemed to enjoy the exercises of the occasion.

Hon. W. J. Bryan, of Nebraska, the eloquent champion of silver, failed to reach Anniston on the 4th, but writes us that he will speak here on the 20th of the month without fail. The speaking will take place at 3 o'clock, p. m., and everybody is invited to come and hear him. Excursions will be run on all the railroads, and the indications are that many thousands will come. He is the leading orator of the Western States, and no man can afford to hear him, if he can possibly have home.

Mr. H. H. McGuire, who has been conducting a business on East Tenth street has moved to the corner of Glen Addie and Fifteenth streets.

Mr. and Mrs. W. G. Burdette are visiting relatives in Rome.

A horse swapper's convention will be held at Oxford Lake tomorrow.

Mrs. T. F. Whetstone and children are visiting in Birmingham.

Robert Beavers, a prominent attorney of Columbia, was in the city this week.

PIEDMONT.

After a long rainy spell we are once more having clear weather, for which let us be thankful. But the days are hot, and palmetto faces and mother hubbards are very stylish.

Miss Floy Montgomery, of Jacksonville, is visiting Miss Elgin. She has many friends here who always rejoice at her coming.

Miss Willie Cox, of Birmingham, is visiting the Misses Johnson, and making scores of friends.

Misses Mary Lou and Annie Moody, and Annie Craig, have returned from a visit to Cartersville, Ga.

We regret to lose Lon Ferguson and family from our midst. Mr. Ferguson has a position in Birmingham, and his family will join him in a couple of weeks.

Rev. G. D. Harris will occupy the Cowden house when vacated by Mr. Ferguson.

Ye genial editor of the Inquirer, Mr. Wickes, goes to Tallapoosa today, where he will establish a new laquer.

Dan Monahan goes to Cave Spring as commissary keeper for the Baukite Mining Co. After a long season of enforced idleness, he is glad to get to work, and his broken leg no longer requires the use of a crutch.

EMMETT LEBETTER HAS RETURNED FROM BIRMINGHAM, WHERE HE WENT TO HAVE HIS EYE TREATED. IT IS MUCH BETTER, AND IT IS THOUGHT THAT HE WILL NOT LOSE THE SIGHT. IT WAS A MOST DISTRESSING ACCIDENT AT BEST.

Mrs. R. B. Harbin and Miss Helen Yeatman returned last week from Wheeler's Springs, where they had been enjoying themselves for ten days. The guests at that hotel are mostly from Cedartown and Atlanta.

Wednesday morning at ten o'clock the mortal remains of Venice Brookins Chitwood were consigned to the grave. The services were conducted by Rev. G. D. Harris, and a large concourse of people assembled at the cemetery to show respect to her memory. She died of consumption—that dread disease—leaving a baby boy five months old. The bereaved husband, parents and sisters have our heartfelt sympathy.

Your correspondent has been visiting in the country, among the eternal hills, where the people have old corn in the crib, meat in the smokehouses, and hard, honey, sorghum and chickens for variations. More than that, they have good crops of corn and cotton, big sweet potato patches, gobber patches, and the ripe wheat shocks stood thick in the fields; but, alas! and alas they were too poor to take a paper. They suffered for news and were so greedy for it that any neighbor who came in with an item was welcomed with open arms. I said, "take a paper and get the news. The REPUBLICAN is a good paper." "Too poor," they said, "too poor," and then again, "if we took it we would have no time to read it." And they wasted lots of time unconsciously, and could not afford a paper.

PEEKS HILL.

On the fifth Sunday in June Children's Day was appropriately observed by the Sabbath School at Peaks Hill. Promptly at 9:30 o'clock a. m. the people of the entire community and a number of visitors assembled at the church.

The exercises were opened with prayer by Rev. G. M. Phillips, and after the following program was well executed, Hon. L. D. Miller, of Jacksonville, delivered a most excellent address on The Bible Estimate of Childhood.

Besides scripture quotations by classes No. 1, 2, 3, 4, and 5, there were excellent recitations by the following: Misses Willie Watson, Effie Morris, Mary Pentecost, Elsie Finch, Annie Wilson, Lizzie Pentecost, Ada Sheffield, Emma Gore, Winnie Morris, Maggie Williams, Susie Watson, Emma Martin and Masters Ralph Watson, Irvin Sheffield, Forney Sheffield, Cret Wilson, Oscar Morris, Johnnie Wilson, Joel Sheffield, Lennie Wilson, Benson Wilson, Earnest Finch, Whit Huckabee, Daisy Martin, S. Morris, Carrie Williams, Sudie Huckabee, Ida Pettit, and Mr. J. F. Sheppard. The declamation by the last named, the welcome address by Master Ralph Watson, and the recitation by Miss Emma Gore, deserve special notice for their superior merit.

Mr. Watson, our efficient and energetic Sabbath school superintendent spared no pains in making the Children's Day a success. The music rendered by Mr. Watson, and the young men and young ladies was thoroughly enjoyed by all parties attending. After a dinner which was enjoyed by all, very interesting addresses were delivered in connection with Sabbath school work by Mr. G. M. Phillips, Mr. L. D. Miller, Messrs. Mitchell D. Calhoun and Rev. R. L. Wilson. The day passed pleasantly.

JENKINS.

We had the heaviest rain, with thunder and lightning last Monday that we have had this year. There was also a heavy wind, which damaged corn.

There has been no plowing done in this vicinity for nearly two weeks, on account of the rains. The weather has been hard on wheat and oats. Some oats are not cut yet, and we fear a great many will spoil in the shock.

Mr. W. L. McKee, of Rome, visited our burg last week.

Mrs. D. Whiteside came home Saturday. We are all glad to have her home again.

Mr. Walker, of Jacksonville, came over to Jenkins to day on business.

Success to the REPUBLICAN.

OXFORD'S PHILOSOPHER.

Don't make you tired in the back, and kinder sick at the stomach, to hear the gold-standard, sound-money democrats with "republican proclivities on the financial question, saying: "Look at the silver using countries of the world, China, Japan and Mexico? The idea of comparing heathen China and Japan and priest-ridden Mexico, with these United States, is enough to make a good citizen ashamed of himself.

To think for a moment that this government cannot do a certain thing because China, and Japan and Mexico can't do it, is foolishness. The very idea of these United States waiting for a monetary conference of the nations of the earth to establish a ratio between gold and silver, and we come tagging along behind England, Germany, Russia, France, China, Japan and Mexico—England leading the list and these United States bringing up the rear—well now, would not that be a spectacle for us to present to the world? Now wouldn't it? Where is the American citizen, from Maine to Mexico, who would not be ashamed to see his country occupying a position of dependence on any nation or any combination of the nations of the world?

We are big enough and old enough to set our own paces and shape our own policy, financial and otherwise, and whether the other nations adopt them or not would be a matter of small consequence. We can paddle our own canoe, and we are and of right ought to be free and independent of England, France, Germany and the balance of the world, financially, as well as in every thing else. Let the United States be a leader and let her go to the head and establish a bimetallic standard, as we had from the foundation of our government down to 1873. Let the ratio be 16 to 1, or 2 to 1, as may be agreed upon, and whether other nations adopt it or do not adopt it, we will never know the difference. As our foreign trade is only 4 per cent of all our trade, while our home trade amounts to 96 per cent, it is clear that we should shape our financial policy so as to be of the greatest good to the greatest number. The problem therefore, is as 96 to 4.

Look at Mexico, huh! They might as well say that New York could not afford water works, because Chihuahua can't. Now my gold bug friends, do—for the love you bear your country; and as you desire to instill patriotism into your children—cease comparing our beloved United States with heathen China, Japan and priest-ridden Mexico. SAM SLIM.

GRAYTON.

Recent rains have done much damage to low land corn, much of it has been overtopped by the streams and a great deal of it is laying on the ground.

The picnic at Hart's Ferry was largely attended by the young people, notwithstanding the inclemency of the weather. They report a splendid time.

Mr. T. S. Gray is on a protracted visit in Atlanta.

Miss Emma Brothers has opened her school at Onatchie church.

Dr. Sanders reports the health of the community much improved.

Mr. and Mrs. Stripling, of Lincoln, are visiting Mrs. Stripling's father and mother, Mr. Little and wife.

Miss Landthripp, of Sylacauga, is visiting her brother, Mr. G. J. Martin, and family.

Go the REPUBLICAN to get the County news.

MINK.

So much rain that our farmers have the blues badly.

There was an all-day singing at Pilgrims Rest last Sunday. Noticed from a distance, the Misses Mullins, Miss Dowdell and Felix Mullins, of Berretton.

Miss Rhine and sister and Misses Mary and Sallie Scott were visiting in our community on the 8th.

J. G. Wilkins has gone down to Oxford on business. He expects to go to Texas soon on a visit.

Mr. and Mrs. J. W. Smyly will open school at Williams next Monday morning—the 15th.

SCHENCKS SPRINGS.

Mrs. Julia Gardner died Thursday, the 4th, and was buried at Post Oak church on Friday. The funeral service was conducted by Rev. Hugh Johnson.

Mess. Davis Cooper and Henry Burton, of Oxford, have moved their families here for the summer.

Mrs. Will Ham, of Chattahoochee, is here for a while.

Ben Basly, of Anniston, has moved his family here.

Abel Hollingsworth, after spending several weeks in Florida, returned home a few days since. He is well pleased with Florida.

M. W. McCraw, of Oxford, spent several days here last week.

Messrs. Keith, McLearn and Sheppard, of Anniston, were visitors here for several days the past week.

Phil Duggan and Hosea Dean, Jr., of Alexandria, visited the springs last Sunday.

Mrs. Watson and Miss Adams, of Jacksonville, have moved out and are camping at the springs.

James Riecke, of Oxford, spent several days here last week.

Now Mr. Ed., as the financial question is the only question before the people that's worth a cent, they should all throw off party prejudices and get together. All those who believe that free silver at the ratio of 16 to 1 would be to the best interest of the country should put out one ticket and all support it regardless of party fealty; for it is the duty of every American citizen to vote for the good of the country, and not in the interest of party. Washington, the father of this country, warned the people in his farewell address to beware of party spirit which was the bane of free government.

WEAVERS.

Dr. Isom and Tom Ledbetter are much better now.

Prof. Alexander, on account of his illness, has not been able to open his summer school.

Mr. R. B. Weaver, of the A. M. R. B., spent last Sunday with his parents.

Rev. Webster and wife, of Duke, were in our burg last Sabbath.

Mrs. Ed. Farmer and children, of Oxford, are visiting relatives at this place.

Dr. Arnold, of Jacksonville, is doing some dental work here this week.

Mr. Frank Woodruff, Jr., of Rome, Ga., is visiting his uncle, D. P. Weaver, at this place enjoying the fruit and yellow-legged chickens.

Mrs. R. P. Weaver has gone to Schencks Sulphur Springs for a few weeks; and to show her faith in these waters, she carried three invalid turkeys, about six weeks old.

As the excursion train, on the fourth, was returning from Anniston to Rome, Luther Whaley (col) jumped off the car here, before it stopped, striking his head against a crossie and crushing his skull. The train men carried him on to Piedmont, where he still is, in a critical condition.

Farm work is getting badly behind on account of rains, and the plows are standing in the fields where the rains found them a week ago. Most of the oats are yet in the field and are being greatly damaged. Fruit is much injured.

A protracted meeting, to begin Saturday before the fourth Sunday, is appointed for the Baptist church at this place.

DUKE.

Farmers are all looking very despondent since the heavy rain, which fell Monday.

Rev. T. K. Trotter has returned from a short visit to Talladega.

Brook Webster and wife have been visiting relatives at Weavers.

W. C. Davitte is now "watching," and we think he is learning to keep house and will soon be a fine cook. Look out girls for a proposal.

W. N. Thompson has fever, and is very sick.

Dr. J. B. Crook made a flying trip to Duke this week.

The people of the country all like the REPUBLICAN.

Children Cry for Pitcher's Castoria.

MORRISVILLE.

Mr. Joe H. Privett, a dry goods drummer, passed through town Monday morning, going in the direction of Egypt. I guess that he was going to fill up the almost exhausted store houses in that country with new goods. One book says that Joseph was once a great man in that country, and perhaps the King will take a liking to him again.

Rev. F. M. Jones, has put himself on what might be called light duty, he works on his farm all the week, and preaches two sermons on Sunday.

The people of our town observed the fourth in a very patriotic manner; some went to Anniston and helped to carry on the proceedings there, and a four horse wagon load went to Hart's Ferry. The ladies, not to be outdone, went fishing. They caught suckers and eels enough to supply all the demands for them on that day.

The demands for free coinage of silver seem to be on the increase in this section of country; and the increase comes from a direction not spoken of heretofore. There are several couples wanting to get married but say that they cannot get money enough to pay for the license until we have free silver. I refer the matter to brother Slim.

We are having too much rain at this time. A great deal of corn and cotton is badly damaged for want of cultivation, and can not be cultivated until we have dry weather.

TAMPA.

"The Glorious Fourth" has come and gone, and notwithstanding the patriotic sentiments usually "aired" on that day, the record of its doings is proof that it is a good thing for the people that it comes but once a year.

We have had more than an abundance of rain the past week, but happily exempt from the devastating storms of some other sections of our own and sister states.

Mrs. Gardner, after a long illness, died at noon on Thursday, and was buried at Post Oak the following day. Rev. Hugh Johnson conducted the funeral services.

Mrs. Powell has been ill, but is now better, and Mrs. Rachel Trend, well is also better. No other sickness in the community.

Miss Ethel Pearce returned to Anniston last week after a pleasant visit home.

The summer school opened at Angel's Grove last Monday. Mr. Earnest Propp, teacher.

A. J. Cross had a "harvesting" one day this week.

Mrs. A. J. Tarvin, of Onatchie, spent a few hours with home friends on the 11th.

CANE CREEK.

The 4th, was celebrated in great style at Hart's Ferry. Despite the rain there were about four hundred people there and they passed the day dancing, board-riding, eating and—they do say, a little courting.

The picnic next Saturday is to be at Francis' mill, two miles west of Jacksonville, and not here.

Prof. Mynatt opened school at Shady Glen Academy last Monday; the Prof. comes with high recommendations from Howard College where he has been elected Commandant for the next term.

Miss Fannie Williams has commenced her school at Cedar Grove. She is well liked by both pupils and patrons, and has a flourishing school.

The great fly killer began a contract with the duke of Morrisville and the interior court, but gave up in disgust. The flies swarmed too thick for him.

The big booger got his neck twisted on his bike, and he is now riding a sick horse.

The attempt to form a silver club was not a grand success. There were only three signers. One was "Shanks," a candidate for "any office" was another, and a deaf and dumb fellow who could not read, was the third.

At last the rains have ceased and farmers can go to work in their crops. It has been the worst spring—even in the memory of that venerable liar, the oldest inhabitant.

Children Cry for Pitcher's Castoria.

BYNUMS.

J. E. Hughes attended the Chautauque in Talladega last Saturday and Sunday. He reports the sermon delivered by Dr. Hawthorne on Sunday as perfectly grand.

Miss Ella, his sister, is still attending the Chautauque, and will extend her visit for a few days.

Mr. Griffin visited his people in Seddon last Sunday.

O. E. Bynum left Monday for Troy, Ala., where he will attend a summer school.

Brook Webster and wife, who are on an extended visit from Texas, were in our town last week.

The negroes are surely aware of the fact that times are getting better, as three weddings were reported in this vicinity last Sunday.

We have only about four gold bugs in our community. The one who seems to be the more enthusiastic is a woman.

OHATCHIE.

We had a very heavy rain last Monday evening which damaged corn to some extent, but the sun is reviving it.

Miss Emma Brothers will begin her school at Ohatchie next Monday.

J. A. Orr is again spending a few weeks with the family of Rev. B. B. Nunnelly.

We had a very disappointed crowd to return from Sulphur Springs last Friday. Ten went up to attend a picnic, but found none there except themselves.

Mr. Charles Anderson's little daughter died last Sunday, and was buried Monday at Ohatchie church.

WHITE PLAINS.

More grass than silver.

Mrs. Eaddy, after a visit of some weeks to friends here, has returned to her home, Nashville.

Mrs. Ed C. Watson and little Ed C., of Birmingham, are visiting her parents, Mr. and Mrs. Little.

A number of our young people went to Anniston on the 4th, and got back wiser but wetter.

Wheat threshing is the order of the day. The grain is good, but the yield is poor.

Our politicians are getting politic, and what we shall see doth not yet appear. It seems, however, in these parts, the ratio will remain unchanged.

BRUNER.

The health of our community is good.

Heavy rains continue to fall, and our farmers are a little blue over the crop prospects.

Our school opened on yesterday, but the attendance was small, owing to the amount of work yet to be done on the farms.

Mrs. Martha Harrison of Texas, starts for her home on Tuesday.

Baptist S. S. Convention.

The following is the program of the Calhoun County Baptist Sunday School Convention to meet with the Mt. Zion Baptist church at Alexandria, on Saturday before the 3rd Sabbath in July, 1895:

SATURDAY.

9 A. M. Devotional exercises by Geo. W. Loyd.

9:30 Enrollment of delegates and organization.

10. Reports from Sunday schools.

11. Sermon by Rev. S. C. Ogleton.

130 P. M. Devotional exercises by Rev. W. D. Vincent.

2. Best methods of Bible study by Rev. E. T. Smythe and Rev. Hammet.

3. The use of the Bible in building character. Rev. Frank Potter and Rev. T. N. Nisbet.

4. The best methods of teaching S. S. lessons. Jos Crook.

SUNDAY.

9 A. M. Devotional exercises by Rev. H. L. Johnson.

9:30 Duties of the Church to Sunday school. Rev. T. K. Trotter and Rev. Jno. A. Scott.

10. Duties of Parents to the Sunday School Dr. T. W. Ayers and D. C. Cooper.

11. Sermon by Rev. J. C. Wright. Subject, the Sunday school.

2 P. M. The best methods of preparing lessons. T. G. Bush and Geo. D. Harris.

2:30 Miscellaneous business.

Hon. W. J. Bryan

The Eagle Orator of the West.

Will Speak in Anniston on the 20th—The People of Calhoun and Adjoining Counties Should Hear Him.

Realizing that his failure to reach Anniston on the 4th was a great disappointment to the people, Hon. W. J. Bryan has agreed to come and address the people of Calhoun and adjoining counties in the city of Anniston, on next Saturday, the 20th inst., on the free and unlimited coinage of silver.

There is no doubt about his being in Anniston on that day, and the people of Calhoun and adjoining counties should not lose this opportunity to hear him.

Mr. Bryan is regarded as one of the finest orators in the United States, and the people will be well repaid for whatever sacrifice they may make in losing a day from their work to go and hear him. So let the people turn out and give him a large audience.

In speaking of his coming, the Anniston Free Press, says:

Hon. W. J. Bryan has written Messrs. R. B. Kelly and A. F. McGhee from Lexington, Ky., a second letter, expressing his regrets and disappointments that the incorrect information as to the departure of the train, prevented his appointment in Anniston on the 4th inst.

He stated also that he had an appointment in Louisiana, and, if desired, he would step over and address the people of Anniston the 20th inst. After consultation with a number of citizens, Messrs. Kelly and McGhee, with whom the correspondence has been conducted, because of their meeting with Mr. Bryan in Birmingham, wrote him that the people would be pleased to hear him speak in Anniston on the day mentioned.

Mr. Bryan has made a national reputation as an orator, and this will be a favorable opportunity for the citizens of this vicinity to hear him, whether they endorse his views on the financial question or not.

Third District S. S. Association.

The district S. S. Association composed of beats 6, 10, 19, will meet in convention in the Methodist church in Piedmont, on the third day in August at 10 a. m., and continue until the afternoon of the fourth. Each Sunday school in the district is expected to send three delegates to said convention. Superintendents and teachers are all expected to attend. This will be an important day. All the city schools are specially invited to take part in this meeting.

Good made by the musical talent of the city, will calve the occasion.

PROGRAM.

First Day, 10 A. M. Devotional exercises—30 minutes. Enrolling delegates names. Welcome address—T. D. Kerr. Response—G. M. Phillips. President's address.

The remainder of this session will be devoted to the business of the association.

2 P. M. Report of committees.

2:30 P. M. The duty of Parents to provide for the spiritual welfare of their children.—W. P. Howard and W. B. Witherspoon.

3:30 P. M. The Mission of the Sunday School. T. H. Kerr.

Woman's work in the Sunday School. Essays by the ladies.

5 P. M. Adjournment.

Night Session, 8 P. M. Devotional service, conducted by C. A. J. Hollingsworth.

8:30 P. M. Devotional Services conducted by G. M. Phillips.

9:30 A. M. Primary class, taught by Miss Minnie Allen, of Anniston.

10 A. M. The House Department. S. A. Russell and others.

11 A. M. The Coming man, and what are we going to do for him? J. W. Bradford, W. D. Witherspoon.

AFTERNOON SESSION.

2 P. M. The value of international work. Joseph Cartha, and others.

3 P. M. Conference of all S. S. workers as to the best methods.

CLOSING EXERCISES.

We desire all public speakers attending, whose names are not on the program, to come prepared to say something for the Master's work.

S. B. Dowdell, Treasurer.

ANNISTON.

The mercantile business of Mr. M. Scott, on West Fifteenth street has been purchased by Verby Smith, of Oxford.

Col. Jno. M. Caldwell lectured in Huntsville on Friday night. He goes from there to Monticello, Tenn., where he lectures Tuesday night in the Chautauque. Col. Caldwell's reputation as a lecturer goes before him, from state to state. He has a brilliant future before him.

OUR SPECIAL SALE

OF

Save money by trading with us.

LIPPMAN'S.

OUR SPECIALTY—"Own Make" Ready Made Garments

Jack Clark, of Anniston, was in town Thursday.

W. P. Acker, Esq., of Anniston, came up Thursday on legal business.

Master Eben Hall is visiting friends in Jenifer this week.

Mr. Jas. Hames has been dangerously ill all this week, but is much better today.

John Ramagnano had a large force of hands at work Tuesday, on the dam at his mountain mill.

Last June, Dick Crawford brought his twelve month old child, suffering from infantile diarrhoea, to me. It had been treated at four months old and being sickly everything ran through it like water through a sieve. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the father to give Col. Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle, of the 25 cent size, had been used, a marked improvement was seen and his continued use cured the child. Its weakness and puny constitution disappeared and the father and myself have the child's life saved by this Remedy. J. T. Marlow, M. D., Tamarac, Ill.

DO YOU NEED A FENCE?

IF SO, WRITE

JNO. P. WEAVER, & CO.,

Jacksonville, Ala.,

OR

PAGE WOVEN WIRE FENCE

CO., Adrian, Mich.,

And get full particulars about this fence that outlasts all others, and only requires a post every thirty feet.

An Easy Cure For Drunkenness.

A cure guaranteed in every case. For sale by all first-class druggists, or will be sent out receipt of \$1.00. For full particulars address The Ohio Chemical Works, Lima, Ohio.

The Republican.

RATES OF ADVERTISING.

Transient advertisements \$1 per square and one inch makes a square. Local notices 10 cents per line. Advertisements must be handed in Thursday or before to insure insertion. SUBSCRIPTION. One Dollar per year. Six Months, .75. Three Months, .50. Single Copies, 5c. Subscription must invariably be paid in advance. No name will be inserted unless accompanied by the order.

DON'T MARRY

until you have written for our samples and prices of wedding invitations. We also make a specialty of engagement and wedding rings of solid 18-karat gold. Send for our ring catalogue. J. P. STEVENS, & BROS., Jewelers & Engravers, Atlanta, Ga.

Stricture

Permanently cured at home. No cutting, no instruments, no interference with business. Address Dr. W. W. BOWEN, 22 Marietta st., Atlanta, Ga. feb-2-6.

BOTH LOCAL AND PERSONAL.

Items Cut to the Core so as That Runners May Read.

Minor Happenings of Special Interest to Home People.

Joe Martin is in Gadsden this week.

Henry Glover was in town on Thursday.

Joe Alexander left on Monday for Birmingham.

Miss Floella Trapp, of Anniston, is visiting Miss Goldie Ayers.

D. D. McLeod Esq., of Anniston, spent Monday in the city.

W. G. Ledbetter, of Anniston, was here last Tuesday on business.

Mr. Klinger was up from Anniston Monday.

R. P. Thomson, of Oxford, was in Jacksonville Monday.

Miss Arbery returned last Monday from a visit to Chattanooga.

John P. Weaver was a visitor to Anniston last Wednesday.

Mrs. E. F. Crook spent Thursday at Schenck's Springs.

Mr. Wilson, of Piedmont, was in the city Wednesday.

Maj. Joe H. Fancis, of New York, is spending the summer in Jacksonville.

Mrs. D. D. Baker and son, and Mrs. W. D. Harris, of Selma, are guests at the Iron Queen.

Mr. and Mrs. Charbonnier, of Athens, Ga., are visiting the family of Capt. James Crook.

Chas. Arnold, of Wilsonville, Ala., is visiting his father's family in Jacksonville.

Miss Lula Bondurant, after an extended visit to relatives in Birmingham, has returned.

Miss Jennie Wyly returned last Monday from a visit to her sister in Anniston.

Dr. J. R. Arnold made a professional visit to Weavers last Monday afternoon.

Editor Armstrong, of Oxford, and Prof. Guannels, of Anniston, were here on business last Monday.

John T. A. Hughes, of Piedmont, spent the past week with friends in Jacksonville.

Miss Hallie Biddell, who has been visiting Miss Mamie Frank, left for Atlanta Thursday.

Mrs. C. A. Bondurant and her daughters spent Thursday at Schenck's Springs.

D. J. Privett, of Rome, spent Monday night and part of Tuesday in Jacksonville.

We ran short on capital \$'s this week, and have been forced to use small ones, where capitals should occur.

From our correspondents it will be seen that a heavy rain fell in all portions of the county last Monday.

Mrs. A. P. Jeffers, of Anniston, is here on a visit to Mrs. Dr. A. J. J. She has been spending a few days at Schenck's Springs.

Messrs. Coker, DeArman, Palmer and Skelton have been here this week attending the session of the commissioners court.

Clerk Jno. P. Weaver brought a tomato into the REPUBLICAN office on the 5th, inst., that weighed seventeen ounces.

Rev. L. G. Hames, of Selma, was up the latter part of last week, to see his brother, Jas. Hames, who is quite ill.

Prof. W. B. Bowling, of Iron City, who has been teaching in Montgomery for the past two years, was in Jacksonville on Wednesday.

Prof. Bowling is a graduate of our Normal college, and has taken his place in the foremost rank of the educators of our state.

Mrs. McGaughey, accompanied by her sister and little daughter, went up to Cave Spring, Ga., this week to spend the summer.

Ed Rowan went over to Birmingham on Thursday. It is purely a business trip and none of the "Ninety" need get frightened.

Mr. and Mrs. R. D. Mitchell, who have been visiting Mr. J. H. Privett and family left for their home in Rome on Wednesday.

W. H. Nelson, who is in the drug business at Kingville, Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the remedy is a certain cure for the diseases for which it is intended and he knows it.

The work on Henry Edwards' residence out at his farm is nearly completed, and we learn that he will move out at an early date.

The Southern Railway has built a new platform at the depot and remodeled the office. The improvements have been needed for some time.

W. L. McGinnis has lost three fine thoroughbred Berkshire hogs for the last week. They died from a disease supposed to be cholera.

The county alliance meets in Jacksonville on next Friday. It is understood that a number of their distinguished speakers will be here to address that body.

Mrs. Bernard Gaston and children came up from Montgomery a few days ago and will spend the summer with her mother, Mrs. P. Rowan.

A horse kicked H. S. Shaffer, of the Freeman House, Middleburg, N. Y., on the knee, which caused him to lose his leg. A friend recommended him to use Chamberlain's Pain Balm, which he did, and in two days was able to be around. Mr. Shaffer has recommended it to many others and says it is excellent for any kind of a bruise or sprain. This same remedy is also famous for its cures of rheumatism.

Miss Lorine Rowan gave a birthday party last Wednesday, to which all her little girl friends were invited. They all report that they had a delightful time.

The heavy rains recently have damaged the streets considerably, and Marshall Roberts has had a force of hands at work this week repairing them.

We regret to chronicle the death of G. S. Vansandt, who died last week at his home in Honey Grove, Texas. He went to Texas from Jacksonville about eighteen months ago, and had here a number of friends and relatives. He leaves a wife and one child, who will probably return to Jacksonville.

We are glad to see the farmers of this county commencing to take more interest in improving farming implements. At the Alliance meeting next week will be exhibited and discussed a very superior cultivator which for several years has been owned by Commissioner Coker. In his hands it has done some very valuable work, and while it is practically worn out, yet he will be able to demonstrate the principle upon which it works. No man should live to himself, and farmers who learn improved methods of farming should make them known, and should not allow their improved implements before ever being made known to rust and wear out, as has Commissioner Coker's cultivator.

The time has come when the farmers of Calhoun should take more interest in the improved implements and methods of farming, and we hope good will result from the meeting of the alliance here next week. While Commissioner Coker will exhibit and discuss the advantages to be derived from the use of his improved cultivator, let other farmers give their experience with other improved implements.

We also wish to emphasize the importance of the necessary steps to save the agricultural lands of this county. In nearly every neighborhood can be seen lands that are being washed and worn out, which if properly trenched, could not only be kept from washing away, but with the proper treatment, could be brought up to a higher state of production every year.

As we suggested recently, we are fearfully behind other sections in the improved methods of farming, and as John Wood, one of Alexandria's progressive farmers, said while in our office this week, if the fruits and others in Georgia can raise two bales of cotton to the acre, we can do the same thing in Calhoun county, for there is no county in Georgia whose land is naturally more productive than is the land of this county. The only thing that is necessary is for us to adopt the same methods which they adopt.

Let the alliance take the lead and bring about a new era among the farmers of this county. The time and necessity is now at hand, and good will result from the expenditure of the proper efforts.

Knights of the Maccabees.

The State Commander writes as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children, we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Comm.—Weymouth, Mass. (This is a great medicine, a trial, as it is guaranteed and that bottles are free at W. B. Atter's Drug Store.)

Mr. C. N. Arnold and his sisters, Misses Lizzie and Ida, gave a delightful outing to a party of friends at Schenck's Springs Thursday. They were Misses House, Kirk, Lizzie Driskill, Kate Driskill, Stride Morris and Daisy Morris.

The county alliance here on the 19th and 20th will be largely attended, and it will probably be a good idea for Jacksonville to appoint a committee of entertainment to see that the delegates are provided with homes.

Mr. Reynolds Tichenor, of Atlanta, Captain of the foot ball team at Auburn for the coming year, is in the city. He is a great foot ball enthusiast, and he predicts that Auburn will have the best team this season she has ever had, and that the other college teams will find her "hard to beat."

Miss Lizzie Mattison entertained a large party of friends at the Iron Queen on Wednesday evening.

There were present: Misses Forney, House, Kirk, Addie Hammond, Annie Hammond, Nannie Nisbet, Theresa Nisbet, Vernon Burke, Mamie Alexander, Addie Alexander, Benie Forney, Annie Forney, Lillie Weems; Messdames Harris, Baker and Stewart; Messrs. Jde, Forney, Frank, Henderson, Hoke, Stewart, Dean, Wright, Dargott and Crook.

An excursion train will leave Jacksonville for Talladega over the East and West next Wednesday, the 17th, to enable all who desire to do so to attend the Chautauque exercises and hear Dr. Talmage deliver his famous lecture—"The Bright Side of Life." Train leaves Jacksonville 7:20 A. M. Returning, leaves Talladega, 4 P. M. One dollar for round trip.

Mr. B. H. Denman went over to Center last week to look into the burning of the court house at that place. One of his companies had the building insured for several thousand dollars.

It is worth the trip from any part of the county to Anniston to hear Hon. W. J. Bryan, of Nebraska, speak, and the people should go out next Saturday and hear him.

Emmett Ledbetter was down from Piedmont Monday. He is still suffering pain with his eye which was injured recently while in Chattanooga.

The rock crusher will be moved on Monday next to Beat 2. Mr. Parker, who has had charge of it in Beat 3 will continue in charge.

The case against Doc Fulmer in Judge Crook's court on Monday, was not pressed.

With R. P. Thomson in Jacksonville, Monday, was his little son Joe, who has made quite a reputation as a young pianist. He reads music readily and plays the most difficult pieces with great ease.

John Rowland and Ed Caldwell are out of a job. They caught the last frog in the county on Monday.

Miss Floy Montgomery, who has been spending the week in Piedmont, is at home again.

Walter Jones, of Anniston, has been spending the week in Jacksonville.

Silver Will Do It! 15 cts in silver will get your hair clipped at Greer's. 15 cts in silver will pay for a nice shampoo at Greer's. Every body can be shaved at Greer's for 10 cts in silver. Remember, at C. M. Greer's.

Purchased. I have bought the entire stock of S. E. Hirschler of Montgomery. And it must be sold regardless of cost to make room for the large stock of Pianos, Organs and Bicycles that I have on the way. NOW IS THE TIME TO BUY AND SAVE MONEY. It will only cost you postage to write for catalogue and prices. —TO—

FARMERS I will sell all on time and wait until fall. I have pianos as low as \$165.00 new. New organs as low as \$29.00. Sheet music and all kind of song books. E. E. FORBES, Anniston & Montgomery.

HURRAH FOR THE 4th OF JULY!

ULLMAN BROTHERS.

JACKSONVILLE REPUBLICAN.

ESTABLISHED 1837.

JACKSONVILLE, CALHOUN COUNTY, ALA., SATURDAY, JULY 20, 1895.

VOLUME 59.

COUNTY NEWS

From All Over Calhoun

Minor Happenings of the Week

GATHERED BY THE REPUBLICAN'S ABLE COLPS OF CORRESPONDENTS.

PIEDMONT.

There is some sickness in Piedmont at present, fevers caused by the very hot weather following on the rainy spell. One case, that of a young man named Will McCain, is said to be past recovery.

Mrs. Garner, who lives near the Methodist church, had three severe hemorrhages from the lungs a week ago, and is still in a critical condition. She is an excellent sick nurse and has sacrificed her own health and strength in waiting upon the sick.

Mr. Barnett, of Randall, was baptized by Rev. G. D. Harris last Sunday afternoon.

Miss Willie Forbes, of Anniston, is visiting Mrs. Dr. Allgood.

The "Cash Office," consisting of four rooms, beautifully finished in hard wood, has been moved across main street and will form an annex to the dwelling to be erected by J. H. Cooke, Esq.

Mr. Emmett Ledbetter is still suffering from acute pain in his wounded eye, and has gone to Anniston to stay with home folks, while under treatment.

Dr. Baker came over last week. He is physician for the Insurance Co. in which Mr. Ledbetter has an accident policy.

Miss Daisy McCollister is visiting friends at Stanton, Ala.

Miss Geneva Johnson is visiting Miss Lola Stewart of Spring Garden.

Miss Bessie Cox has returned to Birmingham, accompanied by Miss Christie Johnson.

R. R. Tomlin has bought out Mr. Wickes, and will continue the publication of the Inquirer. Bob is a good boy and one of whom every one speaks well, has a good mind and being also a good printer, we see no reason why he should not succeed as an editor. He has but one drawback—delicate health—and we earnestly hope that may improve.

One evening last week, when the moon was at her brightest, and gay hearts beat their lightest, a party of young people drove out to Piedmont springs, partook of a spicy tea, and after an hour or two of pleasant pastime returned. They were Mrs. R. R. Harbin, Misses Carrie Monahan, Daisy McCollister, Marie Lou Moody, Annie Monahan, Helen Yeatman, Mamie Moody, Ella Harris, Lu Elgin, Floy Montgomery, Bessie Cox, Christie Johnson, and Messrs Alexander, Woodruff, Sharpe, Fagan, Harris, Pope, Smyth, McCollister, Palmer and White.

Capt. Dan Monahan, visited his family last week staying over Sunday.

Col McKee of Birmingham, is visiting his family and friends this week.

Sam Cheny is the guest of his sister, Mrs. Eubanks.

Several of our towns people took advantage of Wednesday's excursion over the E. & W. to hear Talladega.

Miss Alice Craig and Miss Sue Ferguson went down to Talladega on Wednesday, on a visit to Mrs. G. A. Mattison.

Doc McFry, who lives near here had the misfortune to lose a fine hound last Sunday. Its leg was broken by a kick from another animal and the fracture was so compound that there was no remedy. It was shot.

The negro man, Watson, who was so seriously injured by a fall from the train on the 4th of July is still living and some better.

Mr. and Mrs. Robert Mosely of White Plains, are boarding with Mrs. Wingo. They were married on last Friday afternoon and came over immediately accompanied by Miss Bagley, a bride.

We presume it was a Gretna Green affair. Miss Berta Yeatman has been visiting in Selma, and is now in Heflin, visiting her brother, the editor of the New Era.

On Monday evening, Misses Leah and Gillie Williams entertained the young people. Quite a number were present, ice cream and cake were served, and all present report a delightful time.

MORRISVILLE.

Rev. W. S. Griffin, filled his regular appointment at Cane Creek Baptist church last Sunday. There was one addition to the church.

There was an all-day singing with dinner on the ground, at this place last Sunday, conducted by Messrs Morris, Owens, Downing and parson W. G. Adams, of Anniston. The attendance was large and the singing very good.

Rev. R. L. Wilson, of south Egypt, came to town one day last week riding his bicycle. He entered the city on south main street, traveling at the rate of 49 miles an hour, and when he turned down grade towards the machine shop his broncho refused to obey orders and he ran over a wagon frame and a saw mill, and into a lot of pulleys, cog wheels and other debris, and in the midst thereof his vehicle came to a sudden stop. Not so with brother Wilson. He turned a complete somersault and struck the ground full length several feet away. It was the biggest wreck that ever occurred in this part of the country.

The farmers and General Green are still at war. The farmers have about driven the General off the upland, but he is strongly fortified in the low wet bottom land. There he will stay until Mr. Jack frost comes to our assistance.

Joe McGhee's dwelling house and his household furniture was burned up last night. The family went to bed early and when they woke up, between 10 and 11 o'clock, the roof was falling in. They saved a few articles of clothing but none of their furniture. The house caught from a stove pipe.

The report given by your Cane Creek reporter concerning the silver club in this beat is not correct. Mr. G. W. Doss, who has the management of the club, and who is a true and tried democrat, says that all of the democrats he presented the paper to signed it, but all the populists refused, saying that they had a paper of their own to sign. Now to what party does your Cane Creek reporter belong?

WEAVERS.

The past few days have been good for plowing, though some of the flat land is not yet dry enough, and the corn on such is turning yellow. Where plowing is done, a shower almost every day keeps the well-set grass growing. Owing to so much wet weather, it will be impossible to make an average crop this year.

Prof. Alexander opened school here last Monday with fair prospects of a full summer attendance.

W. B. Hubbard, of Harpersville, is visiting his parents here.

Mrs. J. R. McElreath, who received injuries during the big snow, is visiting here this week. While very much improved, she is still compelled to use crutches.

Miss Lou Luttrell, of Oxford, is visiting her aunt, Mrs. D. E. Weaver.

Mrs. Ed Farmer and children are visiting relatives here.

P. E. Weaver spent last Sunday at home, and had his sister, Miss Clemie, to return with him Monday to Talladega, to attend the Chattanooga this week.

Rev. F. M. Treadaway preached a good sermon at the M. E. church here last Sunday.

EGYPT.

We have had two of the heaviest rainfalls that have ever visited this section of the county. The last and heaviest, fell July 6, and did great damage to land and crops.

The Morrisville bicycle trip paid our town a flying visit last week.

Mrs. H. W. Canada, while returning to her home from a visit to the sick child of a neighbor, on last Monday morning, fell with her

baby, from a foot-log into a stream. She went straightway into the water, and when she got out, went on her way rejoicing.

Rev. Noah Stephens will preach at Cedar Grove on the fourth Sunday night in this month.

We are proud to say there is not a gold standard man in the bounds of Egypt.

If the "Jumbo" of Morrisville will come down and make us a visit we will take great pleasure in showing him the boundaries of Egypt. It appears that he has been misinformed in regard to our geographical position.

The king has turned his affairs over to Joseph, who is making all necessary arrangements for the entertainment of his needy brethren. But where is the silver cup to put in Benjamin's sack?

The wife of Rev. Noah Stevens is very sick at the home of her parents.

BERA.

Rev. T. J. Winn died early Sunday morning after an illness of several weeks. His family has the sympathy of this entire community.

Prof. Stovall went down to Egypt Sunday. He reports apples, pears and peaches plentiful, but corn somewhat short.

Edgar Haynie made a business trip to Coldwater Monday.

S. T. Rhodes has been on the sick list for some time, but is improving now.

Misses Mollie Castley and Addie Turner visited Mrs. Ray last week.

G. A. Grogan and wife, of Bynum's, were visiting in our community Sunday.

Several of our young people enjoyed the hospitality of the Egyptians Sunday. Among them were the Messrs Waddle and Haynie.

We learn that Rev. N. Stevens will be assisted in his projected meeting at New Bethel by Rev. Nelson Johnson, of Pastobago.

L. B. Waddle was in our burg on business this week.

L. Scott and wife were guests of S. V. Sparks and wife on Sunday.

ALEXANDRIA.

Our community was very greatly shocked and pained by the announcement of the sudden death of Mrs. C. W. Woodruff, which occurred at her home at 2 a. m., Tuesday. Her husband and family have the sympathy of our entire community. The funeral took place at Mt. Zion church on Wednesday at 10 a. m. Rev. W. O. Horton conducted the services.

The families of E. D. Acker, of Lincoln, and W. B. Wright, of Davistown, are here attending the funeral of Mrs. Woodruff.

Mrs. Cameron and daughter, of Cedarhurst, Ga., have been here for a few days, the guests of Miss Ida Dunaway.

Prof. Glass has forty pupils in attendance upon his summer school.

John Martin has returned from Oxford where he has been for some time.

The S. S. Convention promises to be quite a success. A number of delegates are expected. We hope that all the Baptist Sunday schools in the county will be represented.

LADIGA.

The whistle of the thresh can heard on all sides, and the small boy is happy, for he can jump and tumble on the straw and blow the whistle.

The long continued rains have kept the farmers from work, and they are therefore very much behind. Have only heard of one so far who had to call in his neighbors to help him work out his crop.

J. C. Graham, that hustling insurance agent, is on the road most of his time.

Mrs. J. A. Wilson visited relatives in Anniston last week.

Little Miss Nina Graham returned home last Monday, after a three weeks stay at Mapleville.

The Southern Railway Co. has quite a number of hands here at work preparing to erect an iron bridge across Terapin creek.

Health of our neighborhood is very good, there being no other sickness than a few cases of chills.

CHOCOLOCCO.

Rain has damaged much of the low land corn. C. F. Brooks had lands that made from 30 to 40 bushels corn to the acre last year, that will not make anything this year. Drowned out. Cotton is damaged also by the rain. Also, the wheat and oats have sprouted in the shock.

There was a wreck on the Southern last Saturday. A car loaded with pig iron, and a caboose jumped the track and ran some three or four hundred yards, and the engine did not discover it until he was stopped by the section master, Mr. Orr, who had noticed it. Train was delayed some three or four hours.

Ross Blackman has been quite sick. Mrs. Blackman is in Georgia visiting her children.

Mr. and Mrs. Greer, of Atlanta, Ga., are visiting their son, Len F. Greer.

Mrs. English, of Birmingham, is visiting Mrs. English at this place. Miss Annie Riddle has a school at Chulafinnee.

The sanctified colored people held an all-day service last Sunday in grove at Franklin Garrett's.

Mr. Hudson commenced his school at this place Monday.

W. A. Scarborough and family of Iron City, spent last Sabbath with the family of S. N. Milligan.

Lovely Mallory, of Arkansas, is visiting his sisters, Mrs. Alice and Mrs. Lucy Davis, of this place.

Dr. Scott filled his appointment here last Sunday and preached an excellent sermon.

The Talladega Presbytery of the Cumberland Presbyterian church will meet at this place Saturday before the 4th Sabbath in this month.

A negro man named Andrew Jackson was sent to the chain gang from here for an assault on a negro woman.

MINK.

Our people are almost done work. Corn is fine, and cotton is looking well. We have General Green almost whipped.

Threshing of wheat and oats is to be the order of the day. We are looking for Carpenter's threshers every day.

Our people got their grain hoisted, and I think it is all in good condition.

Prof. Smyly and wife opened school at Williams' school house on July 15.

We attended the Sunday school singing convention at Webster's Chapel, last Sunday. It was largely attended. We noticed from a distance, J. D. Mc. Cornick and the folks, of Jacksonville, also parties from Sheelies Springs, Alexandria, Duke, Hokes Bluff and Riverside. We had a delightful time, and strange to say, we did not have any gold and silver discussion.

The REPUBLICAN was full of news last week. We think it the best paper that comes to this office. It has less mud-slinging and vituperation than any paper we know of. We find in it peace and good will to all. Long life and prosperity to it.

The Bachelor Girls Club meets next Monday afternoon, with Miss Sallie Hoke at her hospitable home. The club has now met with each member in alphabetical order—except whose sickness or absence of one or two members prevented.

Since its organization in February, it has sent \$1.95 to the charity hospital in Atlanta. It has given \$31.10 to the Jacksonville Hose Co. It has \$10.37 in bank as a charity fund.

The members have each month contributed specimens of their work; and boxes of handsome gifts have been sent to Bishop Wilbur of the Episcopal church, for his orphanage at Mobile, to the Methodist orphanage at Summerville, Ala., and to the Catholic orphan at Mobile. The Club is now preparing a box for the Presbyterian orphanage and when that is finished, one will be given the Baptists.

The funds received from the musical recently given at the court house, will be devoted to a reading room, which will be located over the bank.

Messrs. Hight and Burns, of Anniston, spent several days in Jacksonville this week.

The Populists

To Have Big Fight on 24th

KOLB AND ADAMS AGAINST FUSION—GOODWIN LEADING THE FIGHT IN FAVOR OF IT.

Adams Says the Meeting on 24th Most Important His Party Has Ever Held in the State—Kolb Not a Candidate.

The fight which is now going on among the leaders of the Populist party for and against fusion with the Republicans, is growing very interesting.

The four most prominent populists in the state are Messrs. Kolb, Adams, Goodwin and Bowman. These gentlemen are equally divided on the question of fusion with the Republicans—the first two mentioned are bitterly opposed to fusion, and the last two named favor it.

That the meeting of the populist state executive committee called to consider the question of fusion is believed to be more important, is shown from the following letter from Chairman Adams:

Randolph, Ala., July 11, 1895.

To the Members of the Peoples party Executive Committee of Alabama:

Gentlemen: I cannot urge upon you too strongly the importance of each member of our Committee attending the meeting in Birmingham Wednesday, July 24th, inst.

I know that money is scarce, and I very much regretted the necessity of calling the committee, but the call has been made, and now let each Committeeman respond by being present in person.

We have business of too much importance for you to fail.

The crisis is upon us, and the life of the Peoples Party, and only party now in existence that the people can look to us for reformation, is at stake.

Send no proxy, I beg you but come in person.

I would not urge you if I did not know that the coming meeting of our Committee is the most important of all the meetings that we have held or will hold!

Hoping to meet the entire committee, I remain,

Your obedient servant,

S. M. ADAMS.

Chairman Alabama Peoples Party Executive Committee.

Capt. Kolb's Paper, the Tribune, in speaking of Senator Goodwin's efforts to fuse the Peoples party with the Republicans says:

"Bad judgement is the fault of many a great and brave man in a crisis. If the gentleman whose name heads this article succeeds at Birmingham, July 24th inst., the cause of reform in Alabama will be annihilated, the Republican party of 1874 will be revived, greatly strengthened, and fight on the old line will be restored marking the downfall of every question of election reform, currency reform and all others."

Senator Goodwin has borne the brunt of battle of election reform in Alabama. It is not remarkable that a man of sensitive nature in his past and present position should be the victim of a certain morbidly on the subject of his defeat. It would be superhuman if he were not. The Speaker of the House has tyrannized over him; the president of the Senate played the over-seers toward him. The election managers in the Congressional contest defrauded him. Moreover this modest little gentleman is the social peer by blood, education and association of any man in the Union.

Senator Goodwin is gravely mistaken in what he now does. That is all there is in it, so far as his movement to fuse a great party with an ex-crescence of the body politic is concerned."

In a further discussion of the question of fusion, the Tribune says:

"The Tribune has not hesitated to declare that 'fusion' swallows Republican supremacy in Alabama, of the Sherman act of 1873, of the count out of 1878, of the banks the monopolies, negro Sheriffs and Legislators and no body denies it among all who favor 'fusion.'"

"Fusion" will extinguish the bright prospects of the Peoples party, destroy every promise of reform of any kind in Alabama and restore the race issues of 1874 as the issue of 1896."

It has been believed by many that Capt. Kolb would again be a candidate for governor, but the Tribune puts a quietus to the talk of his candidacy in the following, in which it is authorized by Capt. Kolb to say that he will not be a candidate:

"Last fall it was generally reported in the press of Alabama that Hon. R. F. Kolb had said in a speech at Mount Springs, in the Adair Underwood campaign that he would not be a candidate for Governor again. In recent weeks the Montgomery Journal published an interview with him to that effect. Scores of gentlemen visiting the Tribune office have heard the same thing direct from him."

It does not suit some people to understand plain truth. The Tribune is authorized, to say, that Hon. R. F. Kolb is not a candidate for Governor and will not be.

Sunday School Conference.

The Alexandria Circuit Sunday School Conference will be held at Peaceburg, July 27, 1895. The following is the program:

9 A. M. Devotional Exercises—Rev. J. M. Webster.

9:15 Welcome Address—Prof. H. T. Persons.

9:30 Response—Dr. W. B. Arbery.

9:50 The Origin and Growth of the Sunday School—Rev. W. N. Morris.

10:10 The Superintendent—His Qualification and Work—Hon. J. D. Hammond and Dr. G. C. Williams.

10:30 The Teacher—His Preparation and Work before the Class—Mrs. Fannie Martin.

10:55 The Pupil—His preparation, his attendance and his conduct—Mrs. Giles Matthews. Blackboard Exercise.

11:20 The Infant Class and its importance in the Sunday School—Mrs. B. H. Matthews.

11:45 The best method of preparing the Lesson by Supp. and Teachers—Judge B. F. Cassidy.

12:10 Recess until 1:30 P. M. Refreshments and Rest.

1:30 P. M. Music by the Choir.

1:45 The Parents in and their relation to the Sunday School—Rev. L. A. Homes and J. V. Liles.

2:05 The Power of Song in the Sunday School—E. A. Weems and E. W. Foster.

2:25 The Bible, the Lesson Papers and the Catechism, and their Place in the Sunday School—Rev. Geo. Hamp Smith.

2:50 The Sunday School and its Work—Rev. F. T. Culver.

3:15 Is it important that these Conferences be held—General Discussion.

3:45 Doxology and Benediction.

Where there are two speakers, the first will not have over fifteen minutes, the second one five. The exercises will be interspersed with songs by the choir. Everybody is invited to come and bring dinner.

W. O. HORTON, P. C.

Mrs. James Crook has been asked, by the Colonial Department of the Woman's Board of Managers for the Alabama exhibit at the Atlanta Exposition, to look after the collection, in Calhoun county, of such relics as would be of interest in such an exhibit. Paintings, china, books, letters, Mrs., clothing, swords, guns, or any other relics of the revolutionary or colonial periods are desired.

Mrs. Crook will be grateful to any who possess any of these old curios, and who are willing to loan them to Alabama for three months, to let her hear from them. They will be sent to the Birmingham Commercial Club, Birmingham, Ala. Freight charges to be paid by the club. A careful hand will take charge of them, and at the close of the Exposition, they will be returned to their owners. All contributions should reach Birmingham by Sept. 1.

When it comes to raising fine pigs and fine cabbage, R. W. Whisenant takes his place at the head over any one in this community.

The Calhoun County Singing Convention will meet at Rabbit Town church on Saturday before the first Sunday in August.

Miss Emma Goodlett has been in Talladega since the opening of the Chautauque.

A Slick Duck

Scoops \$290 from Uncle Billy Cross.

CLAIMED TO BE A MEMBER OF THE U. S. GEOLOGICAL SURVEY.

Sold Cross' Farm for \$12000, for Which He Issued Bogus Check, and Then Shipped Check, and \$160.

For several months past a man going by the name of Jacantus Lawrence Fulton, Geologist and Mineralogist, Dept. (B) U. S. G. S., M. R. A. of M. E., Am. S. of M. E.

Not only did he play upon the credulity of several farmers in the county, but came to Jacksonville, entered the court house, seized Probate Clerk John H. Hall, and assured him that he would have no trouble to sell a piece of land which he owns for \$25,000. Mr. Hall authorized him to sell, and he came several times, reported progress, and finally insisted on leaving Mr. Hall \$1500. on the land, until the details of the trade could be arranged. This proposition Mr. Hall did not accept and as he had been warned that Fulton was a second-rate actor, he acted cautiously. After Fulton had been to see Mr. Hall and had gone to Rome, Hall wrote him and asked for reference, to which he replied on his letter head as follows:

"Note your letter of 18th inst. contents carefully noted. Refer gentlemen to the President of the American Society of Mining Engineers, also to the President of the Royal Academy of Mining Engineers, No. 23 Upper Woburn Place, London, England. Also to the United States Geological Survey. Address all letters to the Department of the Interior. Will be very pleased to give you all the information that you may desire, but look out for R. S. Perry. He is trying to make money out of the misfortunes of others. You have the liberty of showing my letter to whom you please."

The above letter was type written, and gotten up in good style.

Just why he insisted on making a loan of \$1500. on Mr. Hall's land is not known, but evidently this was a plot to scoop Hall for a few hundred. But failing to take in Hall he made a drive for Wm. C. Cross, an old and prosperous farmer who lives a few miles west of Jacksonville, who had both money and gullibility; and the distinguished Jacantus Lawrence succeeded in relieving "Uncle Billy" of the responsibility of taking care of two hundred and ninety of his hard earned dollars.

In working up the sale of the valuable piece of mineral land, he borrowed from Mr. Cross \$130. Soon after this he reported a sale and delivered to Cross a check for \$12,000.

In addition to this sale he reported a sale for a large sum of money of land which Cross had verbal power of attorney to sell for Dr. Hester, near Guntersville. The purchasers of this land were to meet them in Gadsden. So Fulton and Cross went over one day last week to close up the trade. The representative of the syndicate which was to take land, however, did not meet them on their arrival. Fulton assured Cross that his man certainly would come but it was found necessary to have written power of attorney from Dr. Hester, and a deed which had been left at Cross' home. So Fulton sent Cross over to Guntersville for the power of attorney, and he, Fulton, came back to Cross' home with an order to Mrs. Cross for a certain deed. Instead of having Mrs. Cross to get the deed for him, he secured the keys to Mr. Cross' desk, captured the deed, \$12,000 check, and \$160 in clean cash. He returned to Gadsden, met Cross, and carried him to Chattanooga and other points, but finally had the old gentleman to return home, and nothing has been heard of Fulton since.

Mr. Cross did not suspect that anything was wrong until he returned and found his \$12,000 check, and his \$160 in cash missing. This was a revelation to him and he realized at once that he had been fleeced.

Bryan and Bush

To Meet In Joint Debate

IN ANNISTON, SATURDAY JULY 20th, AND DISCUSS THE MONEY QUESTION.

Everybody Invited, and Everybody Should Go.—The Discussion Will be Interesting and Instructive.

When it was learned that Hon. W. J. Bryan, of Nebraska, would discuss the financial question in Anniston to day—Saturday—a division of time was asked for either Hon. T. G. Bush or Hon. R. H. Clark, and Messrs. Mooring, Kelly and McGhee thereupon telegraphed Mr. Bryan as follows:

Anniston, July 13, 1895.

Hon. W. J. Bryan, Lincoln, Neb.: T. G. Bush, one of the most prominent citizens of this city and state, representative of New York capitalists, himself wealthy, and a man of character and ability, requests joint discussion with you here on the 20th. Clarke also wants another go some time. Can arrange with either. Can allow each speaker two hours or more, and safely make railroad connections. Shall we arrange discussion? If so, with which? Advise division of time desired as to order of speeches.

To this telegram Mr. Bryan responded as follows:

Lincoln, Neb., July 13.

Messrs. Mooring, Kelly and McGhee: Am perfectly willing to debate and have no choice of opponents. Gold men must select their representative. I will take affirmative of propositions, "United States should immediately restore free and unlimited coinage of silver at 16 to 1, independently of other countries," or he may take affirmative of proposition, "United States should join other countries in universal gold standard." No use to debate any compromise proposition. Time should be equally divided. Affirmative should open with an hour and fifteen minutes; negative follow with hour and half, affirmative close with fifteen minutes. I must leave for Birmingham that evening. See letter.

W. J. BRYAN.

The committee to whom Mr. Bryan's telegram was submitted responded as follows:

Anniston, July 15 1895.

Messrs. Mooring, Kelly and McGhee, Committee, City:

Gentlemen:—Referring to the telegram of Hon. W. J. Bryan, handed us, we accept this offer to debate the question

[illegible]

1. The first step is to identify the problem. This involves understanding the symptoms and the context in which they are occurring.

2. The second step is to gather information. This includes talking to people who are involved in the problem and looking at any relevant data or documents.

3. The third step is to analyze the information. This involves looking for patterns and trends in the data and trying to understand the underlying causes of the problem.

4. The fourth step is to develop a solution. This involves coming up with a plan to address the problem and then implementing that plan.

5. The fifth step is to evaluate the solution. This involves checking to see if the solution has worked and if it has, how well it has worked.

6. The sixth step is to communicate the results. This involves telling the people who are involved in the problem what has happened and what has been done about it.

7. The seventh step is to follow up. This involves checking back in with the people involved in the problem to see if the problem has been solved and if it has, how well it has been solved.

8. The eighth step is to learn from the experience. This involves reflecting on what has happened and what has been learned from the experience so that it can be used to prevent similar problems from happening in the future.

9. The ninth step is to share the results. This involves telling other people about what has happened and what has been learned from the experience so that they can learn from it too.

10. The tenth step is to continue to improve. This involves keeping an eye on the problem and making sure that it doesn't come back and if it does, taking steps to fix it.

100

JACKSONVILLE REPUBLICAN.

ESTABLISHED 1837.

JACKSONVILLE, CALHOUN COUNTY, ALA., SATURDAY, JULY 27, 1895.

VOLUME 59.

COUNTY NEWS

From All Over Calhoun

Minor Happenings of the Week

GATHERED BY THE REPUBLICAN'S ABLE CORPS OF CORRESPONDENTS.

PIEDMONT.

Miss Cora Cheney, of Marietta, Ga., is the guest of her sister, Mrs. Eubanks.

Miss Berta Yeatman returned, on Saturday last, from Heflin.

Miss Maggie Stucky, of Oxford, is visiting Miss La Elgin.

Mr. Henry B. Glover, of Merrellton, has moved up to Piedmont Springs, and will take summer boarders.

Mr. John Barlow and family have been up at Wheeler's Springs for some time.

Miss Fannie Palmer visited Mrs. Barlow at Piedmont Springs last Saturday and Sunday.

Miss Worthington, of Griffin, Ga., visited the Misses Williams last week.

Miss Florence Harbin is spending awhile at Noah, Cherokee county, with her sister, Mrs. Dr. Morgan.

C. P. Youmans and family, of Rock Hill, visited the family of R. S. Steele on Saturday and Sunday.

Mrs. Burns, of Nashville, Tenn., who has been spending a couple of months with her daughter, Mrs. Witherspoon, of the Seminary, returned to her home on Friday.

Walter Wolff and Jim Wilkerson, two homesick boys, returned from Texas last week.

Walter Sharp drove over to Cedar Bluff on Sunday, and returned on Monday, accompanied by his sister, Miss Gertie, who has been visiting relatives.

Mrs. J. W. Woodruff has accepted the position of music teacher in Spring Lake college, in Jefferson Co., and will take charge of that department in September. Her friends regret her leaving very much.

Mr. E. Frizell, who has been in Atlanta working on Exposition building for some time, came over to see his family last week.

Mrs. S. R. Wilkerson, of Jacksonville, visited relatives in our town last week.

Mrs. R. A. Craig is visiting her mother, Mrs. Phillips, in Chhattanooga.

The Misses Moody went down to Talladega Sunday, to hear Sam Jones, and staid over a couple of days with relatives and friends.

Miss Fannie Holcomb has gone out near Jenkins to take charge of a summer school. Country teachers must be in demand as she had solicitations to teach at three other places.

Work on the Methodist parsonage is moving on rapidly, and it will probably be completed by the time Rev. J. W. Bradford and family return from their visit to Mississippi.

Mrs. Randall, of Rockmart, came down on Monday, to visit her daughters, Mrs. Ferguson and Mrs. Daily.

Mrs. Ferguson left on Tuesday, for Birmingham, to join her husband. They make that their future home.

The money question is the all-absorbing theme at this place, as at others.

Silver up, silver down, silver all around the town; Silver here, silver there, Silver floats upon the air; But what it says so very high Not a silver dime have I.

(Name here, Editors.)

OXFORD.

I heard the Bryan-Bush debate last Saturday at Anniston, and I am like all other free coinage of silver democrats, well pleased with the outcome. That Mr. Bush made one of the very best speeches that could be made, on his side of the question, all are ready to admit. But let me tell you what I met

ALEXANDRIA.

The Sunday School Convention, held at Mt. Zion last Saturday and Sunday, was well attended and in every way a success.

Quite a party of Alexandrians attended the Chautauqua in Talladega last week.

Miss Addie Hammond has returned home after spending a few days with friends here.

Mr. and Mrs. Edgar Hanna, of Oxford, have been visiting relatives here.

Mr. Armstrong, of the Oxford Echo, was among the visitors to the Sunday School Convention.

Mr. and Mrs. George Bolling, with their daughters, Misses Elsie and Willie Eppie, were visiting friends here this week.

Miss Mary Davis, of Gadsden, is visiting friends at this place.

Mr. Sam D. Deau, of Spartanburg, S. C., is visiting his grand parents.

Miss Lula Pelham, of Atlanta, is the guest of Miss Pearl Williams.

Mrs. S. W. Crook and Mr. H. J. Dean, Jr., spent last week with relatives in Cedarbluff, Ga.

Mr. Kirby Woodruff made a flying visit to Birmingham this week.

Mr. John Williams, of Anniston, spent Sunday here with his parents.

Mr. Sax and Miss Markenslein were early visitors to Alexandria Sunday, having come from Anniston in less than an hour, on their wheels.

A party of young people enjoyed a delightful "starry ride" to Sulphur Springs, Tuesday evening.

CHOCOLATE.

I have thought you and your paper and other advocates of free coinage of silver were unduly concerned about having silver restored to free coinage. Being in favor of gold, and thinking the gold standard was best for the country, and believing that Grover Cleveland was a man above all men in the Democratic party, I simply trusted to his honor and judgment, and did not, and would not, investigate for myself. But as the silver men were so liberal in Anniston as to allow a reply to Mr. Bryan, I decided that I would hear the discussion.

In Mr. Bryan's speech he asserted, and verified his assertions by the records themselves, that during the hard times which we have had for the past two years, that capitalists in the north and east have made money, and tax valuations in the money centers have increased, while we have had a fearful decline in valuations in the south and west. This was in Mr. Bryan's first speech. I expected Capt. Bush to knock all this into atoms. But to my surprise, he made no attempt to answer it.

It was hard for me to get my consent to change my position, but my props were so completely knocked out by Mr. Bryan, and he showed so plainly the operation of free coinage from away in 1799 to 1873, that I am compelled, as an honest man, to exclaim that I think the free coinage of silver is best for the south, and you may now put me down as a free coinage "demagogue."

Miss Noble Whorton has gone to her home near Ladiga.

Misses Mattie, Maggie and Nanie Whiteville, of White Plains, went to Talladega to hear Sam Jones, and will stop over at this place to be at the Talladega Presbytery, which convenes here next Friday.

Rev. John Duncan, of Gadsden, has come over a few days before the opening of the Presbytery to visit Rev. M. G. Milligan.

Mrs. Jones, nee Miss Lida Davis, the accomplished daughter of Dr. and Mrs. Davis, will be here Wednesday to spend the summer.

D. F. Weaver, of Weavers, came over a few days since and brought a wagon load of wheat to the mill of Downing and Myers.

This is one of the best merchant mills in the state, and gets wheat to grind from six different counties.

Frank Woodruff, of Rome, is visiting his aunt, Mrs. A. B. Scarborough.

Lindsay Scarborough has gone to traveling for the Farmalee Library Association.

J. E. Downing has two of the best hops in the country. They

will weigh over three hundred pounds.

Rev. Mr. Jones, of Heflin, filled his appointment at this place last Sunday.

Mrs. Lucy Davis has returned home after a visit of several days in Anniston.

BRUNER.

The health of this section is good.

Mrs. John McCain and daughter, of Dry Valley, were visiting in Bruner last Saturday and Sunday.

Mess. Sam and Will McCain were guests at the Bruner hotel last Sunday.

Rev. W. D. Vinson filled his appointment at the Sulphur Springs Baptist church last Sunday.

It still rains around here somewhere every day.

Upland corn is fine, while the bottoms are partly drowned out.

Mr. Simon Turner is in Bruner today.

We are for silver.

16 to 1.

BRYAN AND BUSH.

DISCUSS THE FINANCIAL QUESTION BEFORE LARGE AUDIENCE.

Both Made Able Speeches and Both Sides Claim to be Satisfied with the Result.

The opera house in Anniston was crowded to overflowing last Saturday to hear Hon. W. J. Bryan, of Nebraska, and Hon. T. G. Bush, of Anniston, discuss the following question: "Should the U. S. immediately restore the free and unlimited coinage of gold and silver at the present ratio, 16 to 1, without waiting for the aid or consent of any other country?" J. J. Willett, Esq., who was

Had the decision of the question been left to a committee of unbiased and unprejudiced men we feel sure their conclusion would have been that the United States should not immediately return to the free and unlimited coinage of silver at the ratio of 16 to 1."

In contrast with the above from the Hot Blast, we give following criticism of the debate from the Birmingham State:

"Mr. Bryan was received with a thunderous applause, and it appeared that the people from Postmaster-Editor Smith's own balliwick were already in favor of free silver."

Mr. Bryan, in opening, said he was sorry, for one reason, that he had missed his appointment here on July 4th, but for another reason he was glad of it, because now the people would have an opportunity to hear both sides of the question. For an hour and a half he electrified his hearers with his sound arguments and eloquent delivery.

When Mr. Bryan finished his masterly speech the applause was deafening. The people fairly went wild with enthusiasm which lasted some minutes.

While Mr. John B. Knox was introducing Mr. Bush, many people left the hall but still a large part of the audience remained. Mr. Bush was given a hearty welcome but it was not a spontaneous outburst of approval. Mr. Bush's delivery was in marked contrast to Mr. Bryan's. He spoke in a straightforward, business-like way in which there was very little business knowledge of the currency question this played. For an hour and three-quarters he discussed every question imaginable except the question at issue. It was the most laborious, some, sophomoric effort that ever an audience endured. The audience was cold and clammy, and greeted his eloquent periods with long and prolonged silence. The only applause he ever got was from a few of his friends on the stage, and by actual count two people in the audience.

Long before Mr. Bush's time was up it became evident that he had talked out, and was merely talking against time. During his entire speech he did not attempt to answer a single one of Mr. Bryan's questions or propositions.

The real test of the day came when Mr. Bryan arose to reply. He went at Mr. Bush like a whirlwind, and the audience was given an oratorical treat, such as the people heard in Mobile when Mr. Clarke was so badly worsted. The audience fairly went wild and shook the building with their tumultuous applause."

Now, the truth is, Mr. Bush is one of Alabama's ablest business men, is a good talker, had studied this question thoroughly, and made as good a speech on the gold standard side as could be made by any distinguished gentleman in this country who holds views in common with him. He is not the orator as is Mr. Bryan, and there is not that magnetism about his delivery that characterizes all Bryan's speeches. In this, Bryan had the advantage of him. Bryan also had the advantage of having a very large majority of the audience with him. And while it was perfectly clear to our mind that Mr. Bryan had on his side all the facts to show that it was to the interest of this country to restore to silver a free and unlimited coinage, of course our gold standard friends will take issue with us on this point.

In Mr. Bryan's opening speech he laid down the following propositions, which he defended by facts and figures, and called upon Mr. Bush to admit or deny them:

1. The volume of real money should increase with the increase of population and industry.

2. If the volume of money does not increase with population and industry, the purchasing power of each dollar will rise.

3. An increase in the purchasing power of a dollar is a pecuniary advantage to the capitalist classes.

4. The capitalist classes favor a gold standard because it is of pecuniary advantage to them and not because they feel an unselfish interest in the welfare of mankind.

5. No prominent man or body of men are advocating free coinage of silver at any ratio other than 16 to 1.

6. International bimetalism is a fraud and not seriously desired by the opponents of free coinage.

7. This nation is great enough to legislate for its own people on any question.

8. The United States has the legal right to redeem greenbacks and treasury notes in silver and should exercise that right and render unnecessary the issue of bonds to buy gold.

9. The gold standard plan includes the retirement of the greenbacks and treasury notes by an issue of gold bonds.

10. The gold standard plan also includes the making of silver into a limited legal tender.

These statements are based on assertions which we have heard on the streets, and statements which we have seen in the newspapers. As an example, we quote the following from the gold standard neighbor, the Hot Blast:

"The speech of Mr. Bryan was full of theory and sophistry, and the kind of oratorical eloquence that momentarily delights but cannot stand before the light of reason and research. He went through a long string of generalities and propositions, but we defy his auditors to show one single point he made to sustain his position."

The speech of Mr. Bush contained a long line of pointed and impressive argument. He proved that it was the policy of the present administration to maintain the parity of all moneys. The inevitable tendency of the policy of the free silverites would be to destroy it."

Children Cry for Pitcher's Castoria.

SENATOR JOHN T. MORGAN.

ALABAMA'S GREATEST STATESMAN, A SUMMARY OF WHOSE GRIFFIN SPEECH IS PUBLISHED IN THIS ISSUE.

MERRELLTON.

Mr. H. B. Glover has opened the Piedmont Springs hotel this week. This is a very healthful resort, and no more pleasant place can be found these hot days. Some of the valley people picnicked there on the 23rd.

Rev. T. L. Nisbet filled his regular appointments at Piedmont Springs church on last Saturday and Sunday, and preached two very able sermons. He is a promising young minister and we wish him God speed in his Christian duties, both as shepherd of his flock, and in showing sinners the way.

Our travelling prayer meeting has located itself near Dr. Glover's. Rev. P. S. Mullins will preach at that place on the night of July 27th.

J. E. Dowell and P. Y. Murphy will begin gun repairing on July 29. They are both experienced workmen in their line, and guarantee their work.

B. D. Plexco is still on the sick list, but is a little improved.

Mrs. West, of Fikes' bluff, is visiting here this week.

Watermelons and peaches are both getting ripe.

TREDEGAR.

Corn crops are good in our section but cotton is sorry as a whole.

Mr. As. Bonds has one of the best crops to be found anywhere, and he deserves great credit for it. He only has two oxen with which to work. There is a great deal in the man and his backbone.

Our Tredegar snake has gone into winter quarters.

Tredegar comes to the front with a good prayer meeting.

There will be a children's day at Friendship church Thursday before the first Sunday in August. A good program has been arranged, and everybody is invited to come and bring their dinner. Rev. B. B. Bunnely will be present and deliver an address upon Sunday School work.

L. C. McGinnis, of Rock Springs, spent Sunday with his father's family.

J. E. Downing has two of the best hops in the country. They

\$4500 More Asked

Of W. C. Cross in the Fulton Transaction

W. W. BRANDON, A PROMINENT CITIZEN OF CHEROKEE, PLACED BEHIND THE BARS.

He Surrenders Cross Note of \$4500 and is Released.

There have been other, and sensational developments in the Fulton swindle, since our last issue.

On last Saturday morning a tall, stout, black haired man, wearing a sack coat and broad brimmed white hat, giving his name as W. W. Brandon, of Cherokee county, walked into the store of Messrs. Crow Bros., and asked Mr. Jeff Crow to introduce him to Mr. Ide, Cashier of the Tredegar National Bank. Mr. Crow, who had known Brandon several years ago, went to the bank with him and introduced him to Mr. Williams.—Mr. Ide being away at the time.

Brandon produced a note, signed by W. C. Cross and his wife, payable to W. W. Brandon and others, for the sum of \$4,500. Handing it to Williams he asked if the bank would discount same. Williams glanced at the note, and surmising that something was wrong, said to him that Mr. Ide had charge of that department of their business, and that he would turn the matter over to him when he came in.

Meantime John Rowland had learned of the stranger's presence, and by methods, peculiar to that festive officer, he had found out that a note was held by Brandon against Uncle Billy Cross and that he was trying to trade the note to the bank. Rowland sent a message to Cross telling him to hasten to town, and taking a position at the door of the bank, he awaited for Brandon to finish his business with Mr. Ide. As soon as Ide came in he told Brandon that he could not handle the note, and as Brandon left the bank building he met and was introduced to Mr. Rowland.

He said to Rowland that a letter written by him to the sheriff of Cherokee county was the cause, in part, of his visit to Jacksonville, and said that he desired a conversation with him. Rowland invited him to his office. Brandon said that he had read Rowland's letter asking McConnell, of Cherokee, to arrest Fulton, and asking about himself (Brandon) and he thought it best that he should come to Jacksonville and see what turn affairs had taken. Producing the note, he asked Rowland if he knew the parties whose names were signed to it. On receiving an affirmative answer he said that he had been at considerable expense in making the deal by which that note had been secured, and that if the parties were responsible, he proposed to have his money. He then told Rowland that he had sold Cross' land for \$25,000, and that the note was given to him by Cross and wife to secure his commission as agent.

He asked Rowland if the parties were responsible; told that Cross was worth \$6,000, he again said that he would collect the note. On the scene, and learning the trend of affairs, he immediately swore out a warrant for Mr. Brandon as an accomplice of the man Fulton in his fraudulent scheme.

The officers went over to the Iron Queen hotel, where the real estate agent was stopping, and striking his name from the hotel register, placed it upon the register of Mr. Will Clark, who keeps the handsome brick structure at the foot of the hill.

Brandon kept the wires warm, and on Monday morning a number of his friends from Cherokee county came over to make bond for him.

After some discussion of the matter, it was agreed by the friends of Brandon that he would relinquish all claims to the note, if, in return, Uncle Billy would withdraw his prosecution. This was agreed to, the case was not pressed, and that evening Uncle Billy Cross and his good wife sat down in peace of mind to a good warm supper at their little home five miles west of here, while W. W. Brandon and his friends, somewhat sadder, perhaps, than Mr. and Mrs. Cross, were hastening away to their respective acquaintances in Cherokee.

Brandon kept the wires warm, and on Monday morning a number of his friends from Cherokee county came over to make bond for him.

After some discussion of the matter, it was agreed by the friends of Brandon that he would relinquish all claims to the note, if, in return, Uncle Billy would withdraw his prosecution. Brandon kept the wires warm, and on Monday morning a number of his friends from Cherokee county came over to make bond for him.

HON. W. H. DENSON

ON THE QUESTION OF FINANCE

He Makes an Able and Unique Address, and Then Takes a Vote.

By invitation, Hon. W. H. Denson addressed the people of Calhoun county in the court house in Jacksonville last Saturday during the session of the county alliance on the question of finance.

His speech was able, unique, and interesting. It abounded in facts, figures, eloquence, wit and humor.

He opened his speech by saying that the people after listening to him could call him "what" they pleased; but that he was "to-day" just what he had, always been—a Democrat, and that he was "to-day" advocating the doctrine of finance as held by Washington, Jackson and Jefferson. That he had never changed his position, but that he was the same kind of a democrat to-day that he was during the days of Houston, and that no man could rightfully charge him with inconsistency. That it was the gold standard fellows who were inconsistent, and who had shifted their position.

Here he stated that he saw a number of gold standard men present, and if there was present a man who was a Democrat four years ago and then opposed the free coinage of silver, he would like for him to rise. No one got up. Then, he stated that such a man could not be found in Alabama. That the men who were Democrats four years ago and now favored the gold standard, had had simply deserted a doctrine as favored by Jefferson and opposed by Hamilton. That they had simply been led astray by Cleveland.

He then went into a lengthy discussion showing why it was to the interest of this country to have the free and unlimited coinage of silver.

At the close of this speech he asked all those to rise who believed in the financial doctrine as held by Washington, Jefferson and Jackson, and who favored the free and unlimited coinage of silver at the ratio of 16 to 1. All but three in the court house stood up on this proposition, showing that out of the large crowd present, there were only three who favored the single gold standard.

JOINT DISCUSSION.

BETWEEN CLARK AND STALLINGS.

On the Silver Question in Anniston, Aug. 6.

The people of Calhoun county certainly have the opportunity to become informed on the most vital question now before the American people.

The best plan to arrive at the truth of any question is to hear both sides presented in joint debate.

Last Saturday the people had the pleasure of hearing the silver question discussed in Anniston by two gentlemen who presented their respective sides as ably and forcefully as is possible for them to be presented.

On August the 6th, the people will again have the opportunity of hearing a joint discussion on the silver question in Anniston between Congressman Clark and Congressman Stallings, two of Alabama's distinguished citizens.

Mr. Stallings will take the position that the United States should at once restore to silver a free and unlimited coinage. Mr. Clark will speak in favor of the present system—the single gold standard.

The discussion will be interesting and instructive, and all who desire to be thoroughly informed on this great question, should hear this discussion.

Our Hats are Off.

Hon. S. B. Trapp, of Anniston, than whom no other man in the United States has better judgment, handed in a dollar last week to swell the bank account of this paper, with the statement that we were making the REPUBLICAN the best weekly in Alabama.

All we can say at present is, that Mr. Trapp is a scholar and a gentleman, and knows a good thing when he sees it. But just wait until he makes another of those fine speeches of introduction, for which he now gets fifty dollars, and we will then even up with him.

The Republican

Official Journal of Calhoun County
PUBLISHED WEEKLY
AT THE OFFICE OF THE PUBLISHERS
J. C. GRIFFIN, Editor and Publisher.

Entered at the post office at Jacksonville, Ala., as second class matter.

SATURDAY, JULY 27, 1895.

THE REPUBLICAN
Established in 1837, is the official journal of Calhoun County, one of the largest and wealthiest counties in Alabama, and in which are located the towns of Jacksonville, Anniston, Oxford, Oxnun and Piedmont.

CIRCULATION
It has a larger guaranteed county circulation in Calhoun than any other paper.

TO ADVERTISERS
The subscribers of the Republican are the best people in the county, a class of people with whom it pays to advertise. Than it there is no better advertising medium in this section of Alabama.

THE REPUBLICAN
Mr. Carlisle and His Republican Policy.

No one, we presume will for a moment deny that, if Mr. Carlisle had, in the exercise of the discretion vested in him by law, paid the government notes in both silver and gold, instead of gold alone, our immense bonded indebtedness would never have been created.

Yet a confiding constituency were unwilling to impute to him selfish or unpatriotic motives, or believe that he who had so long been a faithful tribune and trusted sentinel of the people was capable of becoming a particeps criminis in an arch conspiracy—the success of which would overturn and destroy party theories and traditions, in the defense of which, he had devoted the best energies of his life.

Although his attitude as Senator and his position as a cabinet official are the very refinement of inexplicable inconsistency, yet we have been reluctant to relinquish our confidence in his honesty of purpose in the administration of his exalted and responsible trust. Since reading, however, an extract from the Birmingham State of July 20, inst., we are confounded, beyond measure, by the disclosures it makes. The extract is in the following words and figures:

Treasury Department.
"Office of the Secretary.

Washington, D. C., Aug. 17, 1893.

"In further response to the resolution, I have to say, that recently gold coin has been presented to the office of this department and silver dollars asked in exchange therefor, and that the exchange was not made for the reason that the silver dollars in the treasury at the time were required, under the provision of the law relating to the currency, to be held in the treasury to cover outstanding silver certificates treasury notes issued under the act of July 14, 1860. At present the department would not and could not exchange silver dollars for gold coin if requested to do so by holders of gold for the same reason. But if the condition of the funds of the treasury were such as to afford a margin of silver dollars in excess of silver certificates and treasury notes outstanding, such change would be made. Respectfully yours,

"J. C. CARLISLE, Secretary."

Here we have the remarkable spectacle of a trusted servant of the people, and an exalted cabinet officer, after declaring that greenbacks, treasury notes and even silver certificates must be redeemed in gold in order to sustain the credit of the government, and maintain a parity between gold and silver, and silver be kept locked up in the vaults of the national treasury and forbidden to perform its legal function, in the co-work of redemption; refusing to exchange silver for gold, because he says the law required him to keep the silver dollars in the treasury to cover outstanding silver certificates and treasury notes. When a syndicate of Wall Street capitalists resolve to loot the treasury and exhaust the gold reserve, in order to force the government to issue bonds to further burden an impoverished and tax-ridden people, and increase the power of aggregated capital—which we are told already has the government by the leg—Mr. Carlisle, in the exercise of his discretion thinks it his duty (not to the people) to pay gold over the counter of the federal treasury, in redemption of government obligations, but to exchange silver for gold and gold be retained and hoarded in the vaults of the national treasury.

JOHN T. MORGAN

His Great Speech at Griffin

He Lifts His Voice For a Double Standard.

HE SHOWS THE DEMOCRACY HAS TIME AND AGAIN FAVORED SILVER'S REMONETIZATION.

AND THAT THE GOLD STANDARD HAS BEEN FAVORED BY THE REPUBLICANS.

A Single Standard Hurts the Poor and Benefits the Rich—The Democratic Doctrine is that of Free Silver.

Alabama's greatest statesman, Senator John T. Morgan, delivered before the convention at Griffin last week one of the ablest speeches yet delivered in the United States on the question of the free and unlimited coinage of silver.

It is a speech which should be read by all men, and we give it in full below for the benefit of the readers of the Republican.

In commenting on this great speech the Atlanta Constitution says editorially:

No one can read the great speech of Senator John T. Morgan delivered at Griffin yesterday without feeling that it is something out of the ordinary—without perceiving that it belongs to those epoch-making speeches which the people in the old days were accustomed to hear fall from the lips of their great men whenever an emergency threatened their party or the republic.

Those who heard Senator Morgan's speech had the benefit of his own personal magnetism, supplemented by the enthusiasm of the occasion. And yet it is a speech that retains even in cold type the dignified simplicity, the earnestness and the eloquence that marked its delivery. The very style of it is impressive, owing to the fact that the man who conceived and uttered its sentiments, who combined its facts and gave life and form to its arguments, is a man of the people, a democrat tried and true, a leader who has never deserted his people in the emergencies of war and reconstruction, nor in the contingencies that have followed peace.

We do not pause now to contrast the record and career of John T. Morgan with those of John G. Carlisle. It is enough to say that Mr. Carlisle did not stand with the southern people during the war, and that he does not stand with them now. At both these points the record of John T. Morgan is traversed by that of John G. Carlisle. Morgan was a leader during the war, a most devoted leader during the days of reconstruction, and an unselfish leader in the present emergency.

Today he is the Nestor of southern democracy, its prophet and its leader. It is left to him to refer to the history of the party to show how the demand for the restoration of silver has become a part of the democratic creed, and how the party, in defending the rights of the people, has time and again placed all its machinery, all its resources and all its power behind this demand to restore silver to the place from which it was outlawed by the public legislation. In his great speech he lifts up his voice in defense of the only true democratic doctrine which declares for gold and silver as the only constitutionally sound currency—a doctrine that is not western nor southern, but truly and entirely democratic—a doctrine that involves the free coinage of both metals at the legal ratio now prevailing.

We trust that every reader of The Constitution will take the time and pains to carefully study the great speech of this typical southern democrat—whose democracy has stood the test of war and reconstruction. He speaks not for himself, but for the people—not for a faction, but for the great party that has conserved itself to the work of protecting and defending the rights of the people against class legislation and against the greed and selfishness of byholders and money lenders.

Senator Morgan shows by the record, which he takes the pains to reproduce here by vote, that the democratic party was prompt to identify itself with the effort to secure the repeal of the recently republican legislation by which silver was demonetized, and that it has maintained, until Mr. Cleveland came into power, the second time, an unbroken front against every effort of the monometallists and the money lenders to rob the people.

GRIFIN, July 15.—The following is a summary of the address delivered by Senator John T. Morgan of Alabama, before the friends of silver in session here.

MR. PRESIDENT AND GENTLEMEN OF THE CONVENTION.—In coming to this great convention, on your part, I have the honor to say that I am a democrat, and that I am a democrat in the sense that I believe in the free coinage of silver, and that I believe in the free coinage of silver.

MR. PRESIDENT AND GENTLEMEN OF THE CONVENTION.—In coming to this great convention, on your part, I have the honor to say that I am a democrat, and that I am a democrat in the sense that I believe in the free coinage of silver, and that I believe in the free coinage of silver.

[illegible]

A black and white photograph showing a close-up of a highly textured surface. The texture is dense and irregular, resembling a woven fabric or a book cover with a complex, possibly leather or cloth-bound pattern. The lighting creates strong highlights and shadows, emphasizing the three-dimensional quality of the texture. The overall appearance is one of intricate detail and tactile richness.

1. The first step is to identify the problem. This involves understanding the current situation and what needs to be improved.

100

A large, dense, black and white photograph of a textured surface, possibly a wall or a large piece of fabric, with a grid-like pattern of small, dark, rectangular elements. The texture is highly irregular and complex, with many small, dark, rectangular shapes scattered across the surface, creating a grid-like pattern. The overall appearance is that of a highly textured, possibly woven or knitted material, or perhaps a wall with a complex, repeating pattern. The lighting is somewhat uneven, with darker areas in the center and lighter areas towards the edges, emphasizing the three-dimensional quality of the texture.
